PSC REF#:83560

Public Service Commission of Wisconsin
RECEIVED: 10/10/00 8:32:02 AM

ar Ms. Paske,

I am writing to strongly urge e PSC to split the 715 area ide! In the long run this will e less confusing than overlaying ere 2 neighbors have different area codes even 2 people in same household could ve different area codes.

In splitting, it seems that e northern end should not split Vilas ounty - but should go more directly north p Hwy 51 instead of cutting east.

To me it doesn't matter which le gets the new area code, but cording to the map in our paper the st half has 18 years before running at of numbers, so maybe that side ould retain 715. Otherwise I don't nd if we have to switch to a new ea code, if there is a good reason r our half changing.

Split not overlay

Sincerely,
Marty & Ken Turner
