

Summary Report

FY 2020 State Broadband Expansion Grant

ID#	Grantee (Project)	Project Description	Status	Award	Match
Projects: 72			Open: 9	\$24,182,828	\$35,992,913
139	24-7 Telcom (County Highway J)	This project will build a Fiber-To-The-Premises (FTTP) service past 1 business and 84 residences along County Road J in the Town of Red Cedar in Dunn County.	Closed	\$273,300	\$273,300
140	24-7 Telcom (Town of Sherman)	This project will build a Fiber-To-The-Premises (FTTP) service past 199 businesses and 223 residences along in the Towns of Menomonie and Sherman, west of the Red Cedar River, in Dunn County.	Closed	\$680,000	\$680,000
141	24-7 Telcom (Town of Wheaton)	This project will build a Fiber to the Premises service past 30 residential locations in the Town of Wheaton in Chippewa County.	Closed	\$79,500	\$79,500
142	AirFiber (Douglas County)	This project will build 1 wireless tower west of Amnicon Falls and Highway 53, in Douglas County. The fixed wireless service will reach 45 businesses and 2,456 residential locations within the footprint of the antennas.	Withdrawn	\$140,000	\$156,070
143	Amery Telcom DBA Northwest Communications (Town of Cylon)	This project will build a Fiber to the Premises service past 5 businesses and 89 residential locations in the Town of Cylon, near Deer Park, in St. Croix County.	Closed	\$82,250	\$92,750
144	Amery Telcom (Town of Lincoln)	This project will build a Fiber to the Premises service past 5 businesses and 97 residential locations along 110th Street and 115th Street, in the Town of Lincoln, just west of Amery, in Polk County.	Closed	\$81,000	\$99,000
145	Amherst Telephone Company (Towns of Buena Vista and Dayton)	This project will build a Fiber to the Premises service 5 businesses and 306 residential locations in two areas - along Highway 54 in the Town of Buena Vista in Portage County, and along Stratton Lake Road in the Town of Dayton in Waupaca County.	Closed	\$478,985	\$609,617
146	BEVCOMM (Town of Diamond Bluff, Phase 3)	This project will build a Fiber to the Premises service past 10 businesses and 201 residential locations in the Town of Diamond Bluff in Pierce County. This is the third and final phase of a FTTP build out in the Diamond Bluff township.	Closed	\$444,211	\$828,963

ID#	Grantee (Project)	Project Description	Status	Award	Match
147	Bloomer Telephone Company (Town of Colfax)	This project will build a Fiber to the Premises service past 2 businesses and 255 residential locations in the Town of Colfax in Dunn County.	Closed	\$608,538	\$642,500
148	Bruce Telephone Company (Chippewa Ave.)	This project will build a Fiber-to-the-Premises (FTTP) service past 1 business and 36 residences along Chippewa Avenue, in the vicinity of Marsh Lake, in the Town of Washington on the south side of Rusk County, and about 4 miles south of Bruce, WI.	Closed	\$36,307	\$36,307
149	Bug Tussel Wireless (Kewaunee County)	This project will build 7 wireless towers in Kewaunee County. The project will install 4 Cambrium 5 GHz antennas and 4 CBRS antennas (3.55 - 3.8 GHz) on each tower. The fixed wireless service will reach 199 Businesses and 12,115 residential locations within the footprint of the antennas.	Open	\$960,000	\$1,560,000
150	Bug Tussel Wireless (Menominee County)	This project will build 5 wireless towers in Menominee County. The project will install 4 Cambrium 5 GHz antennas and 4 CBRS antennas (3.55 - 3.8 GHz) on each tower. The fixed wireless service will reach 50 Businesses and 859 residential locations within the footprint of the antennas.	Open	\$756,000	\$1,134,000
151	Bug Tussel Wireless (Green County)	This project will build a 51.5-mile fiber route from Blanchardville to New Glarus to Monroe to Brodhead. This route is part of a larger plan for fiber rings in Green County that would support service to 3,379 businesses and 36,929 residential locations in the county.	Open	\$1,000,371	\$2,000,742
152	Bug Tussel Wireless (Iowa County)	This project will build a 38-mile fiber route from Spring Green in Saul County, south to Dodgeville, and southeast to Blanchardville. This route is part of a larger plan for fiber rings in Iowa County that would support service to 2,343 businesses and 23,576 residential locations in the county.	Open	\$732,310	\$1,464,620
153	CenturyLink (Boma Coulee)	This project will build a Fiber to the Premises service past 8 businesses and 59 residential locations in the Boma Coulee area, adjacent to Highway 33 in the Town of Shelby in La Crosse County.	Withdrawn	\$35,676	\$53,091

ID#	Grantee (Project)	Project Description	Status	Award	Match
154	CenturyLink (Boulder Junction)	This project will build a Fiber to the Premises service past 85 businesses and 660 residential locations in the Boulder Junction telephone exchange in Vilas County.	Open	\$1,624,094	\$2,008,671
155	CenturyLink (Tomah)	This project will place a new DSLAM to upgrade the DSL service available at locations in and near the Veterans Hospital campus in Tomah. The project will upgrade the service for 14 business and 106 residential locations.	Closed	\$11,010	\$25,690
156	Charter Communications (Town of Anson)	This project will build a cable internet service along 109th Avenue (Old Abe Village subdivision) in the Town of Anson in Chippewa County. The project will build past 60 residential locations.	Closed	\$49,000	\$95,393
157	Charter Communications (Town of Belgium)	This project will build a cable internet service along County Road D, east of Belgium in the Town of Belgium in Ozaukee County. The project will build past 13 residential locations.	Closed	\$8,658	\$34,630
158	Charter Communications (Village of Fairwater)	This project will build a cable internet service in the Village of Fairwater, south of Ripon in Fond du Lac County. The project will build past 181 residential locations.	Closed	\$76,744	\$434,884
159	Charter Communications (Town of Jackson)	This project will build a cable internet service in a subdivision along Strawberry Glen Road, just north of Highway 60 in the Town of Jackson near the east boundary of Washington County. The project will build past 42 residential locations.	Closed	\$54,716	\$127,670
160	Charter Communications (Towns of Lincoln and Washington)	This project will build a cable internet service in two areas in Vilas County. The first area is in the Town of Lincoln northeast of Eagle River, along the roads between Yellow Birch Lake, Otter Lake and Eagle Lake. The second area is in the Town of Washington in the vicinity of Deerskin Lake. The project will build past 15 businesses and 696 residential locations.	Closed	\$133,645	\$988,608
161	Charter Communications (Village of Marquette)	This project will build a cable internet service in the Village of Marquette, in Green Lake County. The project will build past 145 residential locations.	Closed	\$341,461	\$512,192

ID#	Grantee (Project)	Project Description	Status	Award	Match
162	Charter Communications (Village of Randolph)	This project will build a cable internet service in the Village of Randolph, in Columbia and Dodge Counties. The project will build past 81 businesses and 694 residential locations.	Closed	\$104,034	\$936,307
163	Charter Communications (Town of Sturgeon Bay)	This project will build a cable internet service along South Lake Michigan Drive, in the Town of Sturgeon Bay in Door County. The project will build past 114 residential locations.	Closed	\$188,044	\$188,044
164	Charter Communications (Town of Woodruff)	This project will build a cable internet service in a subdivision west of Highway 47 at Walter Drive, in the Town of Woodruff in Oneida County. The project will build past 76 residential locations.	Closed	\$16,500	\$117,135
165	Chibardun Telephone Cooperative (Town of Barron)	This project will build a Fiber to the Premises service past 7 businesses and 23 residences adjacent to Highway T in the Towns of Barron and Clinton, west of the City of Barron, in Barron County. This project builds on the FY 2017 Chibardun Town of Clinton project.	Closed	\$71,163	\$132,161
166	Chibardun Telephone Cooperative (Tuscobia)	This project will build a Fiber to the Premises service past 8 businesses and 52 residences along County Road SS north of Rice Lake, in the Towns of Rice Lake and Oak Grove in Barron County. This project builds on the FY 2019 Chibardun Lake Desair project.	Closed	\$123,423	\$157,085
167	Clear Lake Telephone Company (Village of Clear Lake)	This project will build a Fiber-to-the Premises (FTTP) service past 59 business and 448 residences in the Village of Clear Lake in southeast Polk County.	Closed	\$350,000	\$780,288
168	Door County Broadband (Town of Nasewaupee)	This project will build one new broadband tower located in the Town of Nasewaupee in Door County. The project will equip the new tower and an existing structure (silo) with fixed wireless antennas. The fixed wireless service will reach 50 businesses and 504 residential locations within the footprint of the antennas.	Closed	\$65,282	\$85,247

ID#	Grantee (Project)	Project Description	Status	Award	Match
169	Edge Broadband (Lake Lorraine, North and Turtle Lakes)	This project will build a Fiber to the Premises service past 61 businesses and 606 residential locations in the Towns of Richmond and Sugar Creek in Walworth County.	Closed	\$283,467	\$283,467
170	e-vergent.com (Town of Raymond and Village of Yorkville)	This project will build a Fiber to the Premises service past 126 residential locations in the Villages of Raymond and Yorkville in Racine County.	Closed	\$248,458	\$248,458
171	Forest County (Forest County)	This project will build and equip 17 wireless transmission tower sites in Forest County. The project will also build a Fiber to the Premises service along an 11-mile route. The combined project will build past 100 businesses and 1,695 residential locations.	Open	\$939,200	\$959,200
172	Janesville, City of (Janesville Phase I)	This project will extend a WIN fiber route to locations within Janesville. The route will pass 1,199 business and 6,178 residential locations.	Closed	\$114,230	\$114,230
173	Lakeland Communications (Lakeland South)	This project will build a Fiber to the Premises service past 4 businesses and 173 residential locations in the Town of Eureka in Polk County.	Open	\$340,925	\$340,925
174	Lakeland Communications (Town of Eureka, Phase 4)	This project will build a Fiber to the Premises service past 94 residential locations in the Town of Eureka in Polk County.	Withdrawn	\$187,825	\$187,825
175	Lakeland Communications (Town of St. Croix Falls, Deer Lake)	This project will build a Fiber to the Premises service past 21 residential locations in the vicinity of Deer Lake, in the Town of St Croix Falls in Polk County.	Closed	\$41,850	\$41,850
176	La Valle Telephone Cooperative (Town of Rockbridge, Phase 2)	This project will build a Fiber to the Premises service past 10 businesses and 165 residential locations along three county roads off of Highway 80, in the Town of Rockbridge in Richland County. The project builds on the FY 2019 LaValle Telephone Coop Rockbridge Phase I project, and will connect to the LaValle Highway 58 project just north of Lloyd if both projects are funded.	Closed	\$399,000	\$399,000

ID#	Grantee (Project)	Project Description	Status	Award	Match
177	La Valle Telephone Cooperative (State Highway 58)	This project will build a Fiber to the Premises service past 10 businesses and 116 residential locations along Highway 58, in the Towns of Ithaca and Willow in Richland County, between Highway 14 southeast of Richland Center to County Highway K northeast of Lloyd.	Closed	\$290,000	\$296,000
178	Marquette-Adams Telephone Cooperative (Towns of Marcellon, Randolph, and Scott)	This project will build a Fiber to the Premises service past 2 businesses and 133 residential locations along Highway 33 between Highway 22 and County Road EF in Columbia County.	Closed	\$193,689	\$581,066
179	Marquette-Adams Telephone Cooperative (Town of Newport)	This project will build a Fiber to the Premises service past 1 business and 120 residential locations near the intersection of Highway 16 and County Road O. southeast of Wisconsin Dells, in the Town of Newport in Columbia County.	Closed	\$172,801	\$187,200
180	Marquette-Adams Telephone Cooperative (Town of Newton)	This project will build a Fiber to the Premises service past 2 businesses and 60 residential locations near the intersection of County Roads E and B in the Town of Newton in Marquette County.	Closed	\$116,808	\$126,542
181	Mediacom (Crawford County)	This project will build a hybrid fiber-coax cable internet service in three communities in Crawford County: Eastman, Mount Sterling, and Seneca. The cable service will build past 27 businesses and 235 residential locations.	Closed	\$256,685	\$256,685
182	Nelson Communications DBA Ntec (Gehrke Road)	This project will build a Fiber to the Premises service past 3 farms and 1 residential location along Gehrke Road, off of Highway 37 northeast of Alma.	Closed	\$12,500	\$13,884
183	Northern Telephone and Data Corporation (EAA Grounds)	This project will build a Fiber to the Premises service past 200 businesses and 44 residential locations in the vicinity of Wittman Airport in Oshkosh, just east of the intersection of Highways 41 and 44.	Closed	\$199,782	\$312,478
184	Norvado (Town of Cloverland)	This project will build a Fiber to the Premises service past 6 businesses and 55 residences in the Town of Cloverland between the Bruhle River and the west boundary of the town.	Closed	\$443,000	\$190,000

ID#	Grantee (Project)	Project Description	Status	Award	Match
185	Norvado (State Highway 13)	This project will build a 40-mile fiber route from Highbridge, in Ashland County, to Park Falls, in Price County. This route will connect CCCI services areas, and will lease dark fiber to WIN and Astrea.	Closed	\$392,000	\$1,008,000
186	Nsight Teleservices DBA Nsight Telservices (Village of Egg Harbor)	This project will connect existing fiber service to Mesh Wi-Fi equipment on poles in the downtown area of Egg Harbor. This will enable the Village of Egg Harbor to provide a free Wi-Fi service to the public, including residents, seasonal residents, tourists, and boaters. The system will reach 90 businesses and 354 residents.	Open	\$48,960	\$32,640
187	Nsight Teleservices DBA Nsight Telservices (Langlade and Lincoln Counties)	This project will install fixed wireless equipment on five towers located in the communities of Tomahawk, Irma, Merrill, Gleason, and Parrish. There are 1,258 businesses and 13,056 residents within the footprint of the antennas.	Withdrawn	\$358,205	\$358,205
188	Ntera (Towns of Arthur and Estella)	This project will build a Fiber to the Premises service past 7 businesses and 178 residential locations along Highway 27 and County Road S in the Towns of Arthur and Estella in Chippewa County.	Closed	\$397,641	\$927,829
189	Ntera (Cranberry Lake)	This project will build a Fiber to the Premises service past 7 businesses and 178 residential locations in three project areas in the vicinity of Holcombe, in the Town of Birch Creek in Chippewa County. These areas build off the FY 2019 Ntera Town of Birch Creek Broadband Grant project.	Closed	\$63,117	\$147,273
190	Ntera (Village of Sheldon)	This project will build a Fiber to the Premises service in two project areas north of Holcombe: along County Road D to the Village of Sheldon, and along Highway 27 and Oak Ridge Road. The project will pass 13 businesses and 156 residential locations in the Towns of Willard and Marshell in Rusk County.	Closed	\$238,660	\$556,872

ID#	Grantee (Project)	Project Description	Status	Award	Match
191	Oconto County Economic Development Corporation (Oconto County, Phase 2)	This project will build and equip two wireless towers located in the Towns of Spruce and Mountain in Oconto County. The fixed wireless service will reach 18 Businesses and 301 residential locations within the footprint of the antennas.	Open	\$182,058	\$259,342
192	Orfordville, Town of (Town of Orfordville)	This project will build a Fiber to the Premises service throughout the Village of Orfordville, passing 30 businesses and 550 residential locations.	Closed	\$303,224	\$303,224
193	Price County Telephone Company (Town of Prentice)	This project will build a Fiber to the Premises service past 27 businesses and 566 in the Prentice telephone exchange.	Closed	\$950,000	\$3,002,000
194	Red Cliff Band of Lake Superior Chippewa Indian (Red Cliff Band of Lake Superior Chippewa Indian)	This project will build a 2.5 mile fiber route between the City of Bayfield and Red Cliff, providing improved Fiber-To-The-Premises (FTTP) service to 36 businesses and 704 residences in the Red Cliff Tribal Lands.	Closed	\$107,698	\$41,651
195	Reedsburg Utility Commission (Town of Excelsior)	This project will build a Fiber to the Premises service past 2 businesses and 70 in the vicinity of Terytown Road, northeast of Rock Springs in the Town of Excelsior in Sauk County.	Closed	\$173,000	\$177,600
196	Reedsburg Utility Commission (River Valley, Phase 2)	This project will build a Fiber to the Premises service past 15 businesses and 290 in the Town of Spring Green west of the City of Spring Green.	Closed	\$542,500	\$943,500
197	Reedsburg Utility Commission (Vanhy and Reedsburg Roads)	This project will build a Fiber to the Premises service past 2 businesses and 232 in the vicinity of Reedsburg Road just west of the Ho-Chunk casino in the Town of Delton in Sauk County. Note: This project overlaps the Charter Communications #19 Town of Delton project (ERF#381189).	Closed	\$182,500	\$380,900
198	Richland Grant Telephone Cooperative (State Highway 80)	This project will build a Fiber to the Premises service past 10 businesses and 140 in Richland County. The project will bury fiber along Highway 80 from Muscoda to Richland Center, and along Highway 60 from Muscoda and Orion to County Road E and north on E to Basswood.	Closed	\$405,000	\$405,000

ID#	Grantee (Project)	Project Description	Status	Award	Match
199	Sawyer County and Lac Courte Oreilles Economic Development Corporation (Sawyer County)	This project will build a 3-mile fiber route from Highway 63 at Seely WI along County Road OO to the American Birkebener facility. The project will build past 3 businesses and 13 residential locations.	Closed	\$41,400	\$7,000
200	Siren Telephone Company (Hayden Road and Yellow River)	This project will build a Fiber to the Premises service along Hayden Road and E Yellow River Road, in the Town of Oakland in Burnett County. The project will builds past 89 residential locations.	Closed	\$152,447	\$152,447
201	Starwire Technologies (Town of Clam Falls, Phase 3)	This project will build a Fiber to the Premises service in the Town of Clam Falls in Polk County along roads south of the FY 2019 Clam Falls project. The project will build past 11 businesses and 103 residential locations.	Closed	\$300,566	\$450,850
202	TDS Telecom (Stetsonville)	This project will build a Fiber to the Premises service in the Village of Stetsonville and adjacent rural area, located in Taylor County. The project will build past 26 businesses and 303 residential locations.	Closed	\$265,460	\$265,460
203	TDS Telecom (Mosinee)	This project will build 21.85 miles of new fiber to 34 service nodes in TDS Mosinee telephone exchange. The project will upgrade the DSL service for 92 businesses and 1,140residential locations.	Closed	\$1,058,610	\$1,058,610
204	Tech Com DBA Genuine Telecom (Richland County)	This project will build a Fiber to the Premises service along several roads outside of Richland Center in Richland County. The project will build past 10 businesses and 112 residential locations. This is one of four projects submitted by LaValle/Tech Com/Richland-Grant to build fiber service in Richland County.	Closed	\$228,000	\$228,500
205	Union Telephone (Towns of Coburn and Hancock)	Union Telephone Company, in Public-Private partnerships with the Town of Hancock, seeks a FY2020 Broadband Expansion grant to provide Fiber to the Home to an underserved area 240 homes and businesses in the Towns of Hancock and Colburn.	Closed	\$598,805	\$731,873
206	US Internet (Light the Lake Phase I)	This project will build 142 miles of new fiber optic plant in western Winnebago County to connect 806 unserved and 3078 underserved homes and businesses.	Closed	\$2,250,000	\$2,250,000

ID#	Grantee (Project)	Project Description	Status	Award	Match
207	Vernon Communications Cooperative (Village of De Soto)	This project will be constructing FTTH past approximately 100 homes and 40 business in Village of De Soto.	Closed	\$129,525	\$302,225
208	Vernon Communications Cooperative (Vernon County, Phase 4)	This project will be constructing FTTH past approximately 265 homes and 58 business in Vernon County.	Closed	\$472,600	\$577,650
209	Wittenberg Telephone Company (Village of Bowler)	This project will bring Fiber to the Home to 200 residences and 25 business locations on the Stockbridge-Munsee Tribal land and in the Village of Bowler.	Closed	\$457,508	\$495,634
210	Wittenberg Telephone Company (City of Marathon City)	This project is a combination of FTTH / wireless internet technology. Phase 1 (2020) infrastructure will impact 22 homes including 2 businesses over a 0.67 mile fiber route.	Withdrawn	\$36,902	\$55,353
