Include Centrex (Centrex-CO extensions and Centrex-CU trunks) and count BRI ISDN as 2 lines. Residential (b)	Non-residential ** (c)	Total [columns (b) + (c)] (d)	DS1/T-1 equivalent lines provided over facilities with capacity equal to or greater than DS1/T-1 lines. Count ISDN PRI lines as 1 line and DS3/T-3 lines as 28 lines. (e)
A. Switched service provided to end users and billed by you or your agent, categorized by:					
1. Lines you own or lease from a non-communications carrier. Do not include lines obtained from another communications carrier via resale or UNE arrangements. ***		379,080	105,328	484,408	5,276
2. Lines you obtain from another communications carrier, e.g. Total Service Resale, UNE, or other resale arrangements.		0	0	0	0
B. Lines you own or lease from a non-communications carrier that you provide to another communications carrier, categorized by:					
3. Total Service Resale, as defined in 47 U.S.C. 251	5	11	1	12	0
4. UNE, as defined in 47 U.S.C. 251	1	0	294	294	0
5. Other arrangements. ***	0	0	0	0	0
C. 6. Total lines in service. [Sum lines 1 - 5]	218	379,091	105,623	484,714	5,276
D. Amounts in Line 6, categorized by switching centers in which:					
7. At least one competing carrier had an operational collocation arrangement.	1	569	855	1,424	24
8. No competing carrier had an operational collocation arrangement.	217	378,522	104,768	483,290	5,252
E. Amounts in Line 6, categorized by loop technology:					
9. Fiber optic.		N/A	N/A	N/A	N/A
10. Satellite and wireless.		N/A	N/A	N/A	N/A
11. Copper and other.		N/A	N/A	N/A	N/A

II. Minutes of switched service handled in the first half of 1998:	Originating	Terminating
12. Total switched local, intrastate toll and interstate toll minutes originated or terminated with end users.	N/A	1,382,530,228
13. Total switched local, intrastate toll and interstate toll minutes exchanged with competitors.	N/A	1,007,510

Note: Complete separate surveys for ILEC and for CLEC operations in the same state. Please check one of the following boxes:

ILEC [x] CLEC [ ]

* A switching center is a structure containing one or more switches. Do not count separate three-digit telephone prefixes as separate switching centers. Count a remote as a separate switching center if a competing carrier could obtain a UNE loop only at the remote switch rather than at the host switch.

** Classify business, government, education, shared tenant system, institutional and pay telephone lines as non-residential.

*** Lines provided through traditional marketing agency arrangements, including lines provided to shared tenant service providers, should be reported on Line 1, not Line 5.
