Re: Application for the Approval of the Fourteenth Amendment to the Interconnection Agreement Between AT&T Communications of Wisconsin, L.P. and SBC Wisconsin

Dear Ms. Dorr:

AT&T Communications of Wisconsin, L.P. ("AT&T") hereby requests approval pursuant to 47 U.S.C. §252 of the enclosed Fourteenth Amendment (PSCW UNE Compliance Order 6720-TI-161) to the Interconnection Agreement between AT&T and SBC Wisconsin.

I have been authorized by SBC Wisconsin to submit this amendment for Commission approval.

Sincerely,

David J. Chorzempa
Senior Attorney

Enclosure

AMENDMENT NO. 14
TO INTERCONNECTION AGREEMENT
BY AND BETWEEN
WISCONSIN BELL, INC. d/b/a SBC WISCONSIN
AND
AT&T COMMUNICATIONS OF WISCONSIN, L.P.

Whereas, Wisconsin Bell, Inc.[1] d/b/a SBC WISCONSIN ("SBC WISCONSIN") and AT&T Communications of Wisconsin, L.P. ("CLEC") (collectively, the "Parties") entered into an Agreement relating to local interconnection which became effective on July 9, 2002, ("Agreement") and which permits the Parties to mutually amend the Agreement in writing; and

Whereas, on July 9, 2003, in its UNE Compliance Order in Docket 6720-TI-161 ("WI UNE Compliance Order"), the Public Service Commission of Wisconsin ("PSCW") directed SBC WISCONSIN to amend its interconnection agreements to incorporate the PSCW's determinations;

It is therefore agreed in consideration of the mutual promises contained herein that the Agreement is amended as follows:

1. Add the following as paragraph 2.2.1 of Article II – General Service Related Provisions:

> SBC WISCONSIN will not require the BFR process for switch features that have been activated and loaded in the switch and that have been requested or provisioned previously in a UNE switch and that have been requested or provisioned previously in a UNE environment, i.e., ordering, billing and provisioning processes have been implemented. ("Loaded" in the switch means that it is included in the software installed in the switch. "Activated" in the switch means that the licensing fees are current; that no further license, right to use, or other fee needs to be paid to, and no enabling code or other mechanism or method needs to be obtained from, a third party; and that translations and USOCs for use with ULS are in place.)

2. To conform the Agreement to effectuate certain pricing changes established by the Commission, the Agreement is amended to add the attached pricing schedule labeled Attachment A (which is incorporated herein). The rates listed in the UNE price schedule shall be implemented consistent with the WI UNE Compliance Order, the PSCW's March 22, 2002

---

[1] Wisconsin Bell, Inc. ("Wisconsin Bell"), a Wisconsin corporation, is a wholly owned subsidiary of Ameritech Corporation, which owns the former Bell operating companies in the States of Illinois, Indiana, Michigan, Ohio and Wisconsin. Wisconsin Bell offers telecommunications services and operates under the names "SBC Wisconsin" and "SBC Ameritech Wisconsin", pursuant to assumed name filings with the State of Wisconsin. Ameritech Corporation is a wholly owned subsidiary of SBC Communications, Inc.

Final Decision in Case No. 6720-TI-161 to the extent it was not superseded or amended by the WI UNE Compliance Order, and CLEC's underlying Agreement.

3. To the extent the underlying Agreement does not contain terms and conditions for UNE(s) listed in the UNE price schedule attached to this Amendment, this Amendment does not provide CLEC with the ability to obtain and/or order such UNE(s). Rather, CLEC must negotiate a separate amendment incorporating the appropriate terms and conditions into the underlying Agreement before ordering and/or obtaining any such UNE(s).

4. This Amendment shall not modify or extend the Effective Date or Term of the Agreement, but rather shall be coterminous with the underlying Agreement.

5. EXCEPT AS MODIFIED HEREIN, ALL OTHER TERMS AND CONDITIONS FOR THE UNDERLYING AGREEMENT SHALL REMAIN UNCHANGED.

6. In entering into this Amendment, the Parties acknowledge and agree that neither Party is waiving any of its rights, remedies or arguments it may have at law or under the intervening law or regulatory change provisions in the underlying Agreement (including intervening law rights asserted by either Party via written notice predating this Amendment), with respect to any orders, decisions, legislation or proceedings and any remands thereof, including but not limited to its intervening law rights relating to the following actions, which the Parties have not yet fully incorporated in this Agreement or which may be the subject of further government review: *Verizon v. FCC, et. al*, 535 U.S. 467 (2002); *USTA v. FCC*, 290 F.3d 415 (D.C. Cir. 2002) and following remand and appeal, *USTA v. FCC*, 359 F.3d 554 (D.C. Cir. 2004); the FCC's Triennial Review Order, CC Docket Nos. 01-338, 96-98, and 98-147 (FCC 03-36), and the FCC's Biennial Review Proceeding; the FCC's Supplemental Order Clarification (FCC 00-183) (rel. June 2, 2000), in CC Docket 96-98; and the FCC's Order on Remand and Report and Order in CC Dockets No. 96-98 and 99-68, 16 FCC Rcd 9151 (2001), (rel. April 27, 2001) ("ISP Compensation Order"), which was remanded in *WorldCom, Inc. v. FCC*, 288 F.3d 429 (D.C. Cir. 2002), and as to the FCC's Notice of Proposed Rulemaking as to Intercarrier Compensation, CC Docket 01-92 (Order No. 01-132) (rel. April 27, 2001); the FCC's Order *In the Matter of Petition for Declaratory Ruling that AT&T's Phone-to-Phone IP Telephony Services are Exempt from Access Charges*, WC Docket No. 02-361 (rel. April 21, 2004). In entering into this Amendment, each Party fully reserves all of its rights, remedies and arguments with respect to any decisions, orders or proceedings.

7. This Amendment shall be filed with and subject to approval by the Public Service Commission of Wisconsin.

In Witness whereof, the Parties hereto have caused this Amendment to be executed on the date shown below by their respective duly authorized representatives.

1 The xDSL Loop Conditioning Rate noted as "To Be Determined" or "TBD", shall automatically be subject to change upon the Wisconsin Public Service Commission's establishment of a corresponding loop conditioning rate(s) ("Commission Rate"). Upon the effective date of the Commission's Order establishing the Commission Rate, the Commission Rate shall apply under this Agreement back to the effective date of this Agreement between the Parties, without the need for any additional modification(s) to this Agreement or further Commission action. SBC Wisconsin shall provide written notice to AT&T of the application of the Established Rate(s), and AT&T's billing tables will be updated to reflect (and AT&T will be charged) the Established Rate(s), and the Established Rate(s) will be deemed effective between the Parties as of the effective date of the Agreement. The Parties shall negotiate a conforming amendment which shall reflect the Established Rate(s) to ensure that the Agreement accurately reflects the specific Established Rate(s) that apply to loop conditioning, and shall submit such amendment to the Wisconsin Commission for approval. In addition, as soon as is reasonably practicable after such Established Rate(s) begins to apply, SBC Wisconsin shall bill AT&T to reflect the application of the Established Rate(s) retroactively to the effective date of the Agreement between the Parties.

2 AT&T has agreed to the negotiated UNE-P - POTS New Line NRC rate of $30.71 plus any applicable feature NRCs, but reserves its right to contest in future arbitrations the application of the rate elements appropriate to new UNE-P combinations. The parties agree that this rate applies on a prospective basis and that neither party is entitled to a retroactive true up.

3 Pursuant to the August 27, 2004 decision in Western District of Wisconsin Case No. 03-C-430-C, on September 8, 2004, the Wisconsin Public Service Commission ("WPSC") issued an order reopening the March 22, 2002 Final Deicsion and July 9, 2003 UNE Compliance Order in WPSC Docket No. 6720-TI-161 "with respect to the determinations concerning IDLC conversion charge, DLC electronics discount, and OSS testing costs." In that same order, the WPSC vacated the Telecommunications Division Administrator's May 27, 2004 Final Decision with respect to those same issues. AT&T and SBC therefore acknowledge that the rates set forth herein do not incorporate the rate changes set forth in the May 27, 2004 Final Decision and may be subject to modifications based on the outcome of the reopened proceedings in WPSC Docket No. 6720-TI-161. AT&T and SBC further acknowledge that the parties may seek retroactive application of such modified rates, consistent with Section 29.4 of the Agreement, *only as provided* in the WPSC's Final Decision, UNE Compliance Order, and/or any future order in WPSC Docket No. 6720-TI-161.
