

**INTERCONNECTION AGREEMENT FOR THE TRANSPORT
AND TERMINATION OF TELECOMMUNICATIONS TRAFFIC**

This Interconnection Agreement for the exchange of Telecommunications Traffic between carriers (“Agreement”) is effective as of the ___1st___ day of January, 2004 (the “Effective Date”), by and between Amherst Telephone Company (“ATC”), a Wisconsin Corporation, with its principal office at 120 Mill Street, P.O. Box 279, Amherst, Wisconsin 54406 and Sprint Spectrum L.P., (“SPRINT”), a Delaware limited partnership, with its principal office at 6200 Sprint Parkway, Overland Park, KS 66251. ATC and SPRINT are referred to herein individually as “Party” and collectively as the “Parties”.

WHEREAS, ATC is an Incumbent Local Exchange Carrier (“ILEC”) in the State of Wisconsin; and

WHEREAS, SPRINT is a Commercial Mobile Radio Services (“CMRS”) provider licensed by the Federal Communications Commission (“FCC”); and

WHEREAS, Sections 251 and 252 of the Communications Act of 1934, as amended by the Telecommunications Act of 1996 (the “Act”), have specific standards and procedures for Interconnection, and the Parties intend that this Agreement meets these standards and procedures; and

WHEREAS, the Parties wish to establish a Reciprocal Compensation and Interconnection arrangement consistent with 47 U.S.C. 251; and

WHEREAS, the Parties desire to interconnect their respective ILEC and CMRS network facilities for the purpose of delivery of specific traffic for Transport and Termination on the other Party’s network; and

WHEREAS, the Parties are entering into this Agreement to set forth the respective obligations and the terms and conditions under which they will interconnect their networks and provide other services as set forth herein.

NOW, THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, ATC and SPRINT hereby agree as follows:

1.0 DEFINITIONS

Any term used in this Agreement that is not specifically defined shall have the meaning as ascribed to such term in the Communications Act of 1934, as amended. If no specific meaning exists for a specific term used in this Agreement, then normal usage in the telecommunications industry shall apply.

- 1.1** “Act” means the Communications Act of 1934, as amended by the Telecommunications Act of 1996, and as from time-to-time interpreted in the duly authorized rules and regulations of the FCC.
- 1.2** “Affiliate” is As Defined in the Act.
- 1.3** “As Defined in the Act” means as specifically defined in the Act.
- 1.4** “Applicable Law” means all laws, statutes, common law, regulations, ordinances, codes, rules, guidelines, orders, permits, and approvals of any government authority, which apply or relate to the subject of this Agreement.
- 1.5** “CLLI Codes” means Common Language Location Identifier Codes.
- 1.6** “Commercial Mobile Radio Services” (CMRS) is as defined in 47 C.F.R. 20.3.
- 1.7** “Commission” means the Public Service Commission of Wisconsin.
- 1.8** “Common Channel Signaling” (CCS) is a high-speed specialized packet-switched communications network that is separate (out-of-band) from the public packet-switched and message networks. CCS carries addressed signaling messages for individual Trunk circuits and/or database-related services between Signaling Points in the CCS network using SS7 signaling protocol.
- 1.9** “DS-1” is a telecommunications service carried at digital signal rate of 1.544 Mbps.
- 1.10** “DS-3” is a telecommunications service carried at digital signal rate of 44.736 Mbps.
- 1.11** “Effective Date” means the date contained in the first paragraph of the Agreement.
- 1.12** “End Office Switch” means ILEC’s Class 5 switching system where telephone loops used to provide end user Exchange Service are terminated.
- 1.13** “Enhanced Service Provider (ESP)/ Information Service Provider (ISP)” is any entity, including but not limited to an Internet Service Provider, that provides information services.

- 1.14** “Exchange Access Service” as used in this Agreement, shall mean the offering of access to telephone Exchange Services or facilities for the purpose of the origination or termination of telephone toll services, as defined by the various state and federal regulatory bodies.
- 1.15** “Exchange Service” means all basic access line services, or any other services offered to end users which provide end users with a telephonic connection to, and a unique telephone number address on, the Public Switched Telecommunications Network (“PSTN”), and which enable such end users to place or receive calls to all other stations on the PSTN.
- 1.16** “FCC” means the Federal Communications Commission.
- 1.17** “Incumbent Local Exchange Carrier” or “ILEC” is As Defined in the Act.
- 1.18** “Information Service” is As Defined in the Act.
- 1.19** “ISP Traffic” is traffic originated by an end user of one Party and delivered to the other Party for switching to an Information Service Provider (ISP).
- 1.20** “Interconnection” is the indirect or direct connection of separate pieces of equipment, transmission facilities, etc., within, between and among networks, for the transmission and routing of Exchange Service and Exchange Access Service. The architecture of Interconnection may include one or more Mid-Span Meets, or Points of Interconnection.
- 1.21** “Interexchange Carrier (IXC)” is a telecommunications service provider authorized by the FCC to provide interstate long distance communication services between LATAs and is authorized by the State to provide inter- and/or intraLATA long distance communications services within the State.
- 1.22** “InterLata Service” means telecommunications between a point located in a Local Access and Transport Area and a point located outside such area.
- 1.23** “InterMTA Traffic” is: (a) traffic originated by a CMRS end user of SPRINT in an MTA and terminated to an end user of ATC in another MTA; and (b) traffic originated by an end user of ATC in one MTA and terminated to an end user of SPRINT in another MTA.
- 1.24** “Intralata Service” means telecommunications within the same Local Access and Transport Area.
- 1.25** “Intralata Toll Traffic” means all IntraLATA calls that are not defined as Subject Traffic.

- 1.26** “Local Access and Transport Area (LATA)” is a geographic area for the provision and administration of communications service, i.e., intraLATA or interLATA.
- 1.27** “Local Exchange Carrier (LEC)” is any company certified by the Commission to provide local exchange telecommunications service.
- 1.28** “Local Exchange Routing Guide (LERG)” is the Telcordia Technologies reference customarily used to identify NPA-NXX routing and homing information, as well as network element and equipment designation.
- 1.29** “Mandatory Local Calling Scope” is an arrangement that provides end users a local calling scope, and Extended Area Service (EAS) or Extended Community Calling (ECC) beyond their basic exchange service area.
- 1.30** “Mbps” means million bits per second.
- 1.31** “Mid-Span Meet” is an Interconnection architecture whereby two carriers’ transmission facilities meet at a mutually agreed-upon POI.
- 1.32** “MSC or MTSO” is the Mobile Switching Center or Mobile Telecommunications Switching Office used by a CMRS carrier in performing originating and terminating functions for calls to or from end users of the CMRS carrier.
- 1.33** “MTA” means Major Trading Area as defined by the FCC rules, Part 24.202(a)
- 1.34** “NPA” or the “Number Plan Area” also referred to as an “area code” refers to the three digit code which precedes the NXX in a dialing sequence and identifies the general calling area within the North American Numbering Plan scope to which a call is to be routed (i.e., NPA/NXX-XXXX).
- 1.35** “NXX” means the three-digit code that appears as the first three digits of a seven-digit telephone number within a valid area code (i.e., an NXX other than a special 500, 600, 700, 800 or 900 code).
- 1.36** “Party” means either ATC or SPRINT, and “Parties,” means ATC and SPRINT.
- 1.37** “Point of Interconnection (POI)” means any technically feasible point of demarcation subject to Applicable Law, where the exchange of Telecommunications Traffic between the networks of two carriers takes place.
- 1.38** “Rate Center” means the specific geographic point (“Vertical and Horizontal” or “V &

H' coordinates) and corresponding geographic area which are associated with one or more particular NPA-NXX codes which have been assigned to a LEC for its provision of basic local exchange telecommunications services. The "rate center point" is the finite geographic point identified by a specific V & H coordinate which is used to measure distance-sensitive end user traffic to/from the particular NPA-NXX designations associated with the specific Rate Center. The "rate center area" is the exclusive geographic area within which the LEC provides basic local exchange telecommunications service bearing the particular NPA-NXX designations associated with the specific Rate Center. The Rate Center point must be located within the Rate Center area. The designation of rate center V&H coordinates for the NPA-NXX numbers assigned to mobile CMRS end users shall not create legal or regulatory obligations for either Party that do not otherwise exist.

- 1.39** "Reciprocal Compensation" means an arrangement between two carriers in which each carrier receives compensation from the other carrier for the Transport and Termination on each carrier's network of Subject Traffic that originates from the network facilities of the other carrier.
- 1.40** "Signaling System 7 (SS7)" is the signaling protocol of the CCS network based upon American National Standards Institute (ANSI) standards.
- 1.41** "Subject Traffic" means the Telecommunications Traffic that the Parties mutually agree to exchange pursuant to the terms and conditions set forth in this Agreement. Subject Traffic means Telecommunications Traffic within the same MTA that is, (a) originated by a SPRINT end user within the MTA and terminates to a ATC end user, or (b) originated by a ATC end user and terminated to an SPRINT end user in a Rate Center within the ATC end user's Mandatory Local Calling Scope.
- 1.42** "Tandem" denotes a Class 4 switching center used to switch a call between and among two End Office Switches, an End Office Switch and an equivalent facility provided by a carrier other than a LEC, or another Tandem, or two Tandems.
- 1.43** "Telecommunications" is As Defined in the Act.
- 1.44** "Telecommunications Carrier" is As Defined in the Act.
- 1.45** "Telecommunications Traffic," consistent with 47CFR§ 51.701(b)(2), means two-way telecommunications between end users of ATC and SPRINT that at the beginning of the call originates and terminates within the same MTA. A party that originates Telecommunications Traffic has the right under this Agreement to terminate the traffic on the other Party's network as Subject Traffic.
- 1.46** "Termination" means the switching of Subject Traffic at the terminating carrier's End

Office Switch, or equivalent facility, and delivery of such traffic to the called Party's end user.

1.47 "Transiting Traffic" means traffic that originates from one providers network, "transits" one or more other providers' network substantially unchanged, and terminates to yet another provider's network.

1.48 "Transport" is the transmission and any necessary Tandem switching of Telecommunications Traffic subject to Section 251(b)(5) of the Act from the Point of Interconnection between the Parties to the terminating carrier's End Office Switch, or equivalent facility provided by a carrier other than an incumbent LEC that directly serves the called party.

1.49 "Trunk" means a single transmission channel providing a direct physical and functional Interconnection between two switching centers.

1.50 "Type-2 Service", often referred to as a Trunk side connection, is a service that involves interconnection to an End Office Switch (Type 2-B) or Tandem (Type 2-A).

2.0 INTERPRETATION AND CONSTRUCTION

2.1 All references to Sections and Appendices are references to Sections of and Appendices to this Agreement unless the context shall otherwise require. The headings of the Sections are inserted for the convenience of references only and are not intended to be a part of or to affect the meaning of this Agreement.

2.2 The Parties acknowledge that some of the services, facilities or arrangements described herein reference the terms of federal or state tariffs of the Parties. Each Party hereby incorporates by reference those provisions of any tariff that governs any terms specified in this Agreement. If any provision contained in this main body of the Agreement and any Appendix hereto cannot be reasonably construed or interpreted to avoid conflict, the provision contained in this main body of this Agreement shall prevail. If any provisions of this Agreement and an applicable tariff cannot be reasonably construed or interpreted to avoid conflict, the Parties agree that the provision contained in this Agreement including Appendices shall prevail. This Agreement and Appendices supersedes any prior agreements between the Parties.

3.0 SCOPE OF AGREEMENT

3.1 This Agreement shall cover the Transport and Termination of Subject Traffic between

ATC's network in Wisconsin and the CMRS network of SPRINT. All other traffic is governed by applicable tariff and/or contract, and is not covered by this Agreement. The services provided under this agreement are intended for wireless to wireline or wireline to wireless traffic but not wireline to wireline communications. This agreement does not obligate ATC to provide arrangements not specifically provided for herein.

3.2 This Agreement sets forth the terms, conditions, and rates under which the Parties agree to Interconnect the CMRS network of SPRINT and the network of ATC for purposes of exchanging Subject Traffic, provided that the service provided by SPRINT to its end user is a two-way Mobile Service as defined in 47 U.S.C. 153(27). Traffic associated with paging service or fixed wireless service of SPRINT if applicable, is specifically excluded from this Agreement.

3.3 SPRINT represents that it is a CMRS provider of Telecommunications services to subscribers in MTA No. 20 (Milwaukee), using an Operating Company Number (OCN) of 8463 and 6664 in the state of Wisconsin.

3.4 The Parties agree that all Subject Traffic shall be exchanged via the facilities described in Section 4 of this Agreement.

3.5 This Agreement provides for Transport and Termination of traffic including:

3.5.1 SPRINT to ATC Subject Traffic that is:

- a. originated on the CMRS network of SPRINT;
- b. delivered to the ATC network by way of a third party Tandem service provider or over the Interconnection Facilities pursuant to this Agreement; and
- c. terminated at the ATC end user.

3.5.2 Intentionally Left Blank

3.5.3 ATC to SPRINT Subject Traffic that is:

- a. originated on the ILEC network of ATC;
- b. delivered to SPRINT by way of a third party Tandem service provider or over Interconnection Facilities pursuant to this Agreement: and
- c. terminated on the CMRS network of SPRINT.

3.6 This Agreement does not obligate either Party to provide arrangements not specifically provided for herein. This Agreement has no effect on the definition of end user services that either Party offers to its end users the services either Party chooses to offer to its

respective end users, the rate levels or rate structures that either Party charges its end users for services or the manner in which either Party provisions or terminates the services either Party provides to its respective end users.

3.7 Nothing in this agreement shall prohibit SPRINT from enlarging its CMRS network through management contracts with third party network managers for the construction and operation of a CMRS system under the SPRINT PCS brand name and license. Traffic originating on such extended networks shall be treated as traffic under the terms and conditions of this Agreement. SPRINT shall provide ATC thirty (30) days prior written advance notice of any such management contract. Written notice shall include the affiliated third party name, address, and Operating Company Number.

4.0 SERVICE AGREEMENT

This Agreement provides for the direct and indirect Interconnection and arrangements for Transport and Termination of Subject Traffic between the networks of ATC and SPRINT. Routing of traffic shall be described in this Section, except that, alternatives may be employed in the event of emergency or temporary equipment failure, as mutually agreed to by the Parties.

4.1 Intentionally Left Blank

4.2 Intentionally Left Blank

4.3 Type 2B Direct Interconnection A two-way Trunk group may be provisioned between ATC Amherst End Office Switch and SPRINT to establish a Point of Interconnection, as provided in Appendix A Section 1. Applicable tariff charges for establishing and provisioning this Trunk group are billed to SPRINT pursuant to Section 5.2 and Appendix A of this Agreement.

4.3.1 Landline to Wireless

4.3.1.1 In the event that ATC and SPRINT establish a Type 2B direct Interconnection, ATC will treat as Subject Traffic all Telecommunications Traffic originated on its network by a ATC end user that is destined to a SPRINT NPA-NXX associated with the Mandatory Local Calling Scope of the ATC End Office Switch from which the Telecommunications Traffic was originated (except to the extent that the Parties agree to apply the InterMTA Traffic Factor, as set forth in Appendix B).

4.3.1.2 ATC shall route the Subject Traffic that originates on its network

to SPRINT by delivering such Subject Traffic to the POI identified in Appendix A.

4.3.1.3 A list of SPRINT NPA-NXXs which are rated within the ATC Mandatory Local Calling Scope are identified in Appendix D. Calls originating on ATC network and addressed to SPRINT NXXs will be rated by ATC in the same way as other calls addressed to NXXs maintained by other landline carriers with the same rate points.

4.3.2 Wireless to Landline:

4.3.2.1 In the event that ATC and SPRINT establish a Type 2B direct Interconnection, SPRINT shall route the Subject Traffic that originates on its network to ATC by delivering Subject Traffic to the POI identified in Appendix A. All other wireless to landline calls shall be routed in accordance with Telcordia's Traffic routing Administration instructions.

4.3.2.2 SPRINT shall treat as Subject Traffic all Telecommunications Traffic originated on its network by a SPRINT end user that is destined for a ATC NPA-NXX associated with the ATC End Office Switch (except to the extent that the Parties agree to apply the InterMTA Traffic Factor as set forth in Appendix B).

4.3.2.3 A list of ATC NPA-NXXs, which are rated within the ATC exchange boundary are identified in Appendix C.

4.3.3 Delivery of Traffic. Except to the extent precluded by nondiscrimination and/or dialing parity principles, or as otherwise noted above, the designation of Rate Center V&H coordinates associated with network numbers assigned to SPRINT's end users shall not affect or determine:(i) the services offered by ATC or SPRINT, (ii) the services provided to end users by either Party; (iii) the rates charged to end users by either Party for the services either Party provides to its end users. The designation of Rate Center V&H coordinates for the NPA-NXX numbers assigned to mobile CMRS end users shall not create legal or regulatory obligations for either Party that do not otherwise exist.

4.4 Indirect Interconnection: To the extent that SPRINT and a third party Tandem switch service provider have entered into or may enter into arrangements for the delivery of SPRINT Subject Traffic to ATC for Termination to ATC end users (i.e., traffic that is

not covered elsewhere in this Agreement) ATC will accept this traffic subject to the compensation arrangements as provided in Appendix B.

4.4.1 Landline to Wireless:

Subject Traffic from ATC end users shall be routed from the ATC Amherst End Office Switch to SPRINT via a third party Tandem service provider that has an agreement or arrangement with ATC to Transit Traffic. All other landline to wireless calls shall be routed in accordance with the Telcordia's Traffic Routing Administration instructions, subject to applicable tariffs.

The Parties agree that the exchange of traffic on ATC's Mandatory Local Calling Scope routes shall be considered Subject Traffic and compensation for the Termination of such traffic shall be paid pursuant to the terms of this Agreement. An NXX assigned to SPRINT shall be included in any Mandatory Local Calling Scope or similar program to the same extent as any other NXX in the same Rate Center.

4.4.2 Wireless to Landline:

Subject Traffic originated on SPRINT's network within MTA #20 (Milwaukee) to ATC end users shall be routed from the SPRINT network via the Tandem service provider for termination by ATC to its end users, as appropriate. All other wireless to landline calls shall be routed in accordance with Telcordia's Traffic Routing Administration instructions.

4.4.3 Delivery of Traffic:

Except to the extent precluded by nondiscrimination and/or dialing parity principles, or as otherwise noted above, the designation of Rate Center V&H coordinates associated with network numbers assigned to SPRINT's end users shall not affect or determine:(i) the services offered by ATC or SPRINT, (ii) the services provided to end users by either Party; (iii) the rates charged to end users by either Party for the services either Party provides to its end users. The designation of Rate Center V&H coordinates for the NPA-NXX numbers assigned to mobile CMRS end users shall not create legal or regulatory obligations for either Party that do not otherwise exist.

A list of the SPRINT NPA-NXXs which are rated within the ATC Mandatory Local Calling Scope are identified in Appendix D. Calls originating on ATC network and addressed to SPRINT NXXs will be rated by ATC in the same way as other calls addressed to NXXs maintained by other landline carriers with the same rate points.

4.4.4 If the traffic volumes between SPRINT and ATC delivered by the Tandem switch provider meet the Centum Call Seconds (CCS) equivalent of one DS-1 (i.e. 500 busy hour CCS), eight times within a 30 day billing cycle, the Parties shall within sixty (60) days meet to review the establishment of direct end office trunk groups, as provided in Section 4.3.

4.5 When Type 2B direct Interconnection is desired, the Parties shall jointly engineer and configure Trunks over the physical Interconnection Facilities as follows:

4.5.1 SPRINT shall provision one Type 2B two-way Trunk group as a direct transmission path between the two Parties.

4.5.2 SPRINT shall provision within industry standards additional Trunks if necessary. Neither Party can require the other Party to build or put in unnecessary Trunks.

4.5.3 The network switches of both Parties involved in the provision of Subject Traffic shall be managed in accordance with the applicable industry/Telcordia standards.

4.5.4 Based on the physical architecture and compensation arrangements that are set forth in this Agreement, each Party shall be responsible for establishing and maintaining facilities to provide for the Transport and Termination of Subject Traffic consistent with the standards set forth in this Agreement.

4.6 Common Channel Signaling

4.6.1 Service Description

The Parties will provide Common Channel Signaling (CCS) to one another via Signaling System 7 (SS7) network Interconnection, in accordance with prevailing industry standards. Use of third-party provider of SS7 trunks is permitted.

4.6.2 Signaling Parameters

All SS7 signaling parameters will be provided in conjunction with traffic exchange Trunk groups, where and as available. These parameters include Automatic Number Identification (ANI), Calling Party Number (CPN), Privacy Indicator, calling party category information, originating line information, such as Carrier Information Parameters (CPI), wherever such information is needed for call routing, recording or billing.

5.0 COMPENSATION ARRANGEMENTS

5.1 Subject Traffic

- 5.1.1** Reciprocal Compensation is applicable for Transport and Termination of Subject Traffic as defined in Section 1.41 and is related to the exchange of traffic described in Section 4., as applicable. For the purposes of billing compensation for Subject Traffic, billed minutes will be based upon actual usage recorded, with the exception of traffic described in Section 4.4, where records/reports provided by the transiting carrier shall be the basis for billing if actual usage records are not available. Measured usage begins when the terminating recording switch receives answer supervision from the called end user and ends when the terminating recording switch receives or sends disconnect (release message) supervision, whichever comes first. The measured usage is aggregated at the end of the measurement cycle and rounded to a whole minute. Billing for Subject Traffic shall be based on the aggregated measured usage less traffic that is not Subject Traffic.
- 5.1.2** Subject to the exceptions described in Sections 5.1.3 below, each Party shall pay the other Party for Transport and Termination of Subject Traffic that either Party delivers to the other Party's network pursuant to the provisions of this Agreement. The charges and rates for Termination of Subject Traffic shall be at the rates set forth in Appendix B of this Agreement. These charges and rates do not apply to any other types of traffic or for traffic delivered in any other areas other than those set forth in this Agreement as described in Appendix B.
- 5.1.3** Neither Party will provide any compensation to the other Party for traffic associated with ISP Traffic, one way paging services, or video services.
- 5.1.4** SPRINT does not currently provide fixed wireless services in ATC's exchange boundaries. SPRINT agrees that it will provide ATC prior

written notice of its intent to launch fixed wireless services in ATC's exchange boundaries. Upon ATC's receipt of such notice, the Parties agree to negotiate an appropriate agreement or an amendment to this Agreement, which will address the exchange of such traffic. In the event that the Parties cannot reach agreement on the amendment, the dispute shall be resolved pursuant to Section 14.0.

5.2 Interconnection Facilities. SPRINT may arrange for and maintain Type 2B Interconnection Facilities between the ATC End Office Switch in Amherst, Wisconsin and the SPRINT MSC. Any non-recurring and recurring monthly costs of the two-way Interconnection Facilities between the Amherst End Office Switch and the Point of Interconnection as provided in Appendix A, will be reduced by an agreed upon percentage that represents either the estimated percentage or the actual percentage of Subject Traffic originated by ATC and terminated to SPRINT. This percentage is referred to as the Shared Facilities Factor and is set forth in Appendix A. The Parties will review this factor on a periodic basis and, if warranted by the actual usage, revise the factor appropriately.

5.3 Intentionally Left Blank

5.4 Traffic Distribution. The Parties intend to utilize actual and auditable measurement to identify the quantity of all Telecommunications Traffic and distribution of total terminating traffic pursuant to this Agreement. In the event that there is insufficient representative and verifiable data to identify the actual InterMTA Traffic exchanged between the Parties to use in preparation of the monthly billing statement, the Parties agree to apply a percent InterMTA Traffic Factor as stated in Appendix B Section IV. ATC will bill SPRINT for InterMTA Traffic based on the applicable ATC Interstate or Intrastate access charges, as provided in Appendix B, Section V. The Parties agree that the InterMTA Traffic Factors set forth in Appendix B for the application of terminating access charges pursuant to this Agreement may not be amended for a period of time (12) twelve months from the Effective Date. At the request of either Party thereafter, the factors will be mutually adjusted based on actual traffic studies to determine the respective percentages of Subject Traffic and InterMTA Traffic. In the event of a dispute regarding the adjustment, if any, to the factors, the dispute will be resolved pursuant to the provisions of Section 14. Each Party agrees to provide available traffic data in conjunction with any adjustment.

6.0 NOTICE OF CHANGES

If a Party makes a change in its network which it believes will materially affect the interoperability of its network with the other Party, the Party making the change shall provide at least ninety (90) days advance written notice of such change to the other Party.

7.0 GENERAL RESPONSIBILITIES OF THE PARTIES

- 7.1** Not later than forty-five (45) days from the Effective Date, the Parties shall jointly develop a schedule for promptly implementing all requirements of this Agreement (“Implementation Schedule”). Both ATC and SPRINT shall use commercially reasonable efforts to comply with the Implementation Schedule.
- 7.2** The Parties shall exchange good faith, non-binding technical descriptions and forecasts of their originating traffic in sufficient detail necessary to establish the interconnections required to assure traffic termination.
- 7.3** Sixty (60) days prior to requesting two way direct Trunk(s), SPRINT will provide ATC with a six (6) month calendar month, non-binding forecast of its Trunking requirements. Additional forecasting of Trunking requirements will be provided by SPRINT to ATC as mutually agreed to by the Parties. The Parties agree that each forecast provided under this Section shall be deemed “Proprietary Information”.
- 7.4** Each Party is individually responsible to provide facilities within its network which are necessary for routing, transporting, measuring and billing traffic from the other Party’s network and for delivering such traffic to the other Party’s network in a mutually acceptable format and to terminate the traffic it receives in that mutually acceptable format to the proper address on its network. The Parties are solely responsible for participation in and compliance with national network plans, including The National Network Security Plan and The Emergency Preparedness Plan.
- 7.5** Neither Party shall use any service related to any of the Services provided in this Agreement in any manner that prevents other persons from using their service or destroys the normal quality of service to other carriers or to either Party’s end users, and subject to notice and a reasonable opportunity of the offending Party to cure any violation, either Party may discontinue or refuse service if the other Party violates this provision.
- 7.6** The characteristics and methods of operation of any circuits, facilities or equipment of one Party connected with the circuits, facilities or equipment of the other Party shall not interfere with or impair service over any circuits, facilities or equipment of the other Party, its Affiliate companies, or its connecting and concurring carriers involved in its services; or cause damage to the other Party’s circuits, facilities or equipment, impair the privacy of any communications carried over the circuits, facilities or equipment or create hazards to the employees of the other Party, its Affiliate companies, or its connecting and concurring carriers or the public.
- 7.7** If such characteristics or methods of operation are not in accordance with the preceding paragraph, either Party will notify the other Party that temporary discontinuance of the

circuit, facility or equipment may be required; however, when prior notice is not practicable, either Party may forthwith temporarily discontinue the use of a circuit, facility or equipment if such action is reasonable under the circumstance. In such case of temporary discontinuance, either Party will notify the other Party immediately by telephone and provide the other Party with the opportunity to correct the condition that gave rise to the temporary discontinuance. No allowance for interruption will be applicable.

7.8 Intentionally Left Blank

7.9 Each Party is solely responsible for the services it provides to its end users and to other Telecommunications Carriers.

7.10 Each Party is responsible for administering NXX codes assigned to it.

7.11 Each Party is responsible for obtaining Local Exchange Routing Guide (“LERG”) listings of Common Language Location Identifier (CLLI) codes assigned to its switches.

7.12 Each Party shall use the LERG published by Telcordia, or its successor, for obtaining route information and shall provide all required information to Telcordia for maintaining the LERG in a timely manner.

7.13 ATC shall program and update its End Office Switches and network systems to recognize and route traffic to NXX codes assigned to SPRINT. SPRINT shall do the same with respect to its network for recognizing and routing traffic to ATC’s NXX codes. Except as mutually agreed or as otherwise expressly defined in this Agreement, neither Party shall impose any fees or charges on the other Party for such activities.

7.14 At all times during the term of this Agreement, each Party shall keep and maintain in force at each Party’s expense all insurance required by law (e.g., workers’ compensation insurance) as well as general liability insurance for personal injury or death to any one person, property damage resulting from any one incident, automobile liability with coverage of bodily injury for property damage. Upon request from the other Party, each Party shall provide to the other Party evidence of such insurance (which may be provided through a program or self-insurance).

8.0 EFFECTIVE DATE, TERM, AND TERMINATION

8.1 The initial term of this Agreement shall be from the Effective Date through December 31, 2005 and shall then automatically renew on a year-to-year basis. The Agreement may be terminated by either party at the end of the initial term (or any renewal term) by providing written notice of termination to the other Party at least sixty (60) days in advance of the

expiration of the initial term or any renewal term thereof. In the event such notice of termination is provided, and either Party requests in good faith to renegotiate a successor agreement under the provisions of the Act, this Agreement shall remain in effect: (i) until this Agreement has been replaced by a new agreement, or (ii) for up to one hundred eighty (180) calendar days following the date of termination, whichever is earlier.

Notwithstanding the foregoing, if there is arbitration or litigation concerning the development of a replacement arrangement, this Agreement shall be extended and shall terminate in accordance with the outcome of the arbitration or litigation.

8.2 Upon termination or expiration of this Agreement in accordance with this Section:

- (a) each Party shall promptly pay all amounts (including any late payment charges) owed under this Agreement;
- (b) each Party's indemnification obligations shall survive termination or expiration of this Agreement to the extent the claim arose during the term of the Agreement.

8.3 The arrangements pursuant to this Agreement including the provision of services or facilities shall immediately terminate upon the suspension, revocation or termination by other means of either Party's authority to provide services. For ATC, authority involves the provisions of Exchange Service or Exchange Access Service. For SPRINT, authority involves the provision of CMRS service under license from the Federal Communications Commission.

8.4 The services and facilities arrangements pursuant to this Agreement may be terminated by either Party upon not less than thirty (30) days written notice to the non-paying Party for failure to pay undisputed amounts on the dates or at the times specified for the facilities and services furnished pursuant to this Agreement, and the nonpaying Party does not pay the undisputed amounts within 30 days of the written notice.

8.5 Either Party may terminate this Agreement in whole or in part in the event of a default by the other Party provided however, that the non-defaulting Party notifies the defaulting Party in writing of the alleged default and that the default Party does not cure the default within thirty (30) calendar days of receipt of written notice thereof. Default is defined to include:

- a) A Party's insolvency or the initiation of bankruptcy or receivership proceedings by or against the Party; or
- b) A Party's refusal or failure in any material respect properly to perform its obligations under this Agreement, or the violation of any of the material terms

and conditions of this Agreement.

9.0 CANCELLATION CHARGES

Except as provided herein, or as otherwise provided in any applicable tariff or contract, no cancellation charges shall apply.

10.0 INDEMNIFICATION

10.1 General Indemnity Rights. Each Party (the “Indemnifying Party”) will defend and indemnify the other Party, its officers, directors, employees and permitted assignees (collectively, the “Indemnified Party”) and hold such Indemnified Party harmless against:

10.1.1 Any loss to a third person arising out of the gross negligence or willful misconduct (“Fault”) by such Indemnifying Party or the Fault of its employees, agents and subcontractors; provided however, that (1) with respect to employees or agents of the Indemnifying Party, such Fault occurs while performing within the scope of their employment, (2) with respect to subcontractors of the Indemnifying Party, such Fault occurs in the course of performing duties of the subcontractor under its subcontract with the Indemnifying Party, and (3) with respect to the Fault of employees or agents of such subcontractor, such Fault occurs while performing within the scope of their employment by the subcontractor with respect to such duties of the subcontractor under the subcontract.

10.1.2 Any claims for libel, slander, infringement of copyright, or other intellectual property rights, arising from the material transmitted over the Indemnified Party’s facilities arising from the Indemnifying Party’s own communications or the communications of such Indemnifying Party’s end users; and

10.1.3 Any claims for infringement of patents arising from combining the Indemnified Party’s facilities or services with, or the using of the Indemnified Party’s services or facilities in connection with, facilities of the Indemnifying Party.

10.1.4 Any loss arising from such Indemnifying Party’s failure to comply with applicable law, including the Act or applicable FCC or Commission rule, regulation or order.

10.2 Indemnification Procedures. Whenever a claim for indemnification arises under this Section, the relevant Indemnified Party, as appropriate, will promptly notify the

Indemnifying Party and request the Indemnifying Party to defend the same. The Indemnifying Party will have the right to defend against such liability or assertion in which event the Indemnifying Party will give written notice to the Indemnified Party of acceptance of the defense of such claim or loss and the identity of counsel selected by the Indemnifying Party. Until such time as Indemnifying Party provides such written notice of acceptance of the defense of such claim or loss, the Indemnified Party will defend such claim or loss, at the expense of the Indemnifying Party, subject to any right of the Indemnifying Party, to seek reimbursement for the costs of such defense in the event that it is determined that Indemnifying Party had no obligation to indemnify the Indemnified Party for such claim or loss. The Indemnifying Party will have exclusive right to control and conduct the defense and settlement of any claims or losses for which it has given notice of acceptance of the duty to defend, subject to consultation with the Indemnified Party. The Indemnifying Party will not be liable for any settlement by the Indemnified Party unless such Indemnifying Party has approved such settlement in advance and agrees to be bound by the agreement incorporating such settlement. At any time, an Indemnified Party will have the right to refuse a compromise or settlement and, at such refusing Party's cost, to take over such defense; provided that in such event the Indemnifying Party will not be responsible for, nor will it be obligated to indemnify the relevant Indemnified Party against, any cost or liability in excess of such refused compromise or settlement. With respect to any defense accepted by the Indemnifying Party, the relevant Indemnified Party will be entitled to participate with the Indemnifying Party in such defense if the claim or loss requests equitable relief or other relief that could affect the rights of the Indemnified Party and also will be entitled to employ separate counsel for such defense at such Indemnified Party's expense. If the Indemnifying Party does not accept the defense of any indemnified claim or loss as provided above, the Indemnified Party will have the right to employ counsel for such defense at the expense of the Indemnifying Party. Each Party agrees to cooperate and to cause its employees and agents to cooperate with the other Party in the defense of any such claim or loss, and the relevant records of each Party will be available to the other Party with respect to any such defense.

11.0 LIMITATION OF LIABILITY

11.1 Limited Responsibility. Each Party shall be responsible only for service(s) and facility (ies) which are provided by that Party, its authorized agents, subcontractors, or others retained by such Party, and neither Party shall bear any responsibility for the services and facilities provided by the other Party, its Affiliates, agents, subcontractors, or other persons retained by such Parties. No Party shall be liable for any act or omission of another Telecommunications Carrier (other than an Affiliate) providing a portion of a service.

11.2 Apportionment of Fault. In the case of any loss arising from the negligence or willful misconduct of both Parties, each Party shall bear, and its obligation shall be limited to, that portion of the resulting expense caused by its negligence or misconduct or the

negligence or misconduct of such Party's Affiliates, agents, or contractors.

11.3 Limitation of Damages. In no event will either Party have any liability whatsoever to the other Party for any indirect, special, consequential, incidental or punitive damages, including loss of anticipated profits or revenue in connection with or arising from anything said, omitted or done hereunder (collectively, "Consequential Damages"), even if the other Party has been advised of the possibility of such damages; provided that the foregoing will not limit (i) a Party's obligation under Section 10 to indemnify, defend and hold the other Party harmless against any amounts payable to a third person, including any losses, costs, fines, penalties, criminal or civil judgments or settlements, expenses (including reasonable attorney's fees) and Consequential Damages of such third person, or (ii) a Party's liability to the other for willful or intentional misconduct. Except to the extent of a Party's willful misconduct or negligence, in no event, other than an obligation to make payments hereunder or to indemnify pursuant to Section 10, will either Party's liability to the other be greater than six (6) months of payments made to the other Party under this Agreement from the date such claim is first made.

11.4 Force Majeure. Neither Party shall be liable for any delay or failure in performance of any part of this Agreement from any cause beyond its control and without its fault or negligence including, without limitation, acts of nature, acts of civil or military authority, government regulations, embargoes, epidemics, terrorist acts, riots, insurrections, fires, explosions, earthquakes, nuclear accidents, floods, work stoppages, equipment failures, power failures, volcanic action, other major environmental disturbances, unusually severe weather conditions, inability to secure products or services of other persons or transportation facilities or acts or omissions of transportation carriers (individually or collectively a "Force Majeure Event").

11.4.1 If a Force Majeure Event should occur, the Party affected shall give prompt notice to the other Party of such Force Majeure Event specifying the nature, date of inception and expected duration of such Force Majeure Event, whereupon such obligation or performance shall be suspended to the extent such Party is affected by such Force Majeure Event during the continuance thereof or be excused from such performance depending on the nature, severity and duration of such Force Majeure Event (and the other Party shall likewise be excused from performance of its obligations to the extent such Party's obligations are dependent upon the performance so interfered with). The affected Party shall use its reasonable efforts to avoid or remove the cause of nonperformance and the Parties shall give like notice and proceed to perform with dispatch once the causes are removed or cease. Notwithstanding the preceding, no delay or other failure to perform shall be excused pursuant to the Section: (i) by the acts or omissions of a Party's subcontractors, material, men, suppliers or other

third persons providing products or services to such Party unless such acts or omissions are themselves the product of a Force Majeure Event, and unless such delay or failure and the consequences thereof are beyond the control and without the fault or negligence of the Party claiming excusable delay or other failure to perform, or (ii) if such Party fails to implement any steps taken to mitigate the effects of a Force Majeure Event (e.g. disaster recovery plans) in a nondiscriminatory manner during the period performance is impaired.

12.0 DISCLAIMER OF REPRESENTATION AND WARRANTIES

EXCEPT AS EXPRESSLY PROVIDED UNDER THIS AGREEMENT, NO PARTY MAKES OR RECEIVES ANY WARRANTY, EXPRESS OR IMPLIED, WITH RESPECT TO THE SERVICES, FUNCTIONS AND PRODUCTS IT PROVIDES OR IS CONTEMPLATED TO PROVIDE UNDER THIS AGREEMENT AND THE PARTIES DISCLAIM THE IMPLIED WARRANTIES OF MERCHANTABILITY AND/OR OF FITNESS FOR A PARTICULAR PURPOSE. ADDITIONALLY, NEITHER PARTY ASSUMES ANY RESPONSIBILITY WITH REGARD TO THE CORRECTNESS OF DATA OR INFORMATION SUPPLIED BY THE OTHER PARTY WHEN THIS DATA OR INFORMATION IS ACCESSED AND USED BY A THIRD-PARTY.

13.0 REGULATORY APPROVAL

13.1 Commission Approval. The Parties understand and agree that this Agreement will be filed with the Commission and may thereafter be filed with the FCC. SPRINT authorizes ATC to file a copy of the Agreement with the Commission on SPRINT's behalf. Each Party covenants and agrees to fully support approval without modification of this Agreement by the Commission or the FCC under Section 252 of the Act. If the Commission or the FCC rejects any portion of this Agreement, the Parties agree to meet and negotiate in good faith to arrive at a mutually acceptable modification of the rejected portion of the Agreement; provided that such rejected portion shall not affect the validity of the remainder of this Agreement. The Parties acknowledge that nothing in this Agreement shall limit a Party's ability, independent of such Party's agreement to support and participate in the approval of this Agreement, to assert public policy issues relating to the Act.

13.2 Changes of Law. Notwithstanding any provision in this Agreement to the contrary, if any legislative, regulatory, judicial or other governmental decision, order, determination or action, or any change in Applicable Law (collectively "Change in Law") materially affects any material provision of this Agreement, the rights or obligations of a Party hereunder, or the ability of a Party to perform any material provision of this Agreement, a Party may, on thirty (30) days' written notice (delivered not later than thirty (30) days following the date

on which such action has become legally binding and has otherwise become final and unappealable) to the other Party require that the affected provision(s) be renegotiated and the Parties shall renegotiate in good faith such mutually acceptable new provision(s) as may be required; provided that such affected provisions shall not affect the validity of the remainder of this Agreement. If such provisions are not renegotiated within thirty (30) days after such notice, either Party may petition for arbitration pursuant to §252 of the Act. Except as otherwise provided for in this section 13.2, neither Party waives any rights it might have under the Act and the rules and regulations promulgated thereunder by the FCC and/or the Commission.

14.0 DISPUTE ESCALATION AND RESOLUTION

14.1 Procedures.

Unless otherwise provided herein, any dispute, controversy or claim (individually and collectively, a “Dispute”) arising under this Agreement shall be resolved in accordance with the procedures set forth in this Section 14.0. In the event of a dispute between the Parties relating to this Agreement and upon the written request of either Party, each of the Parties shall within five (5) business days from the written request appoint a designated representative who has the authority to settle the Dispute. The designated representatives shall meet as often as they reasonably deem necessary in order to discuss the Dispute and negotiate in good faith in an effort to resolve such Dispute. The specific format for such discussions will be left to the discretion of the designated representatives; however, all reasonable requests for relevant information made by one Party to the other Party shall be honored. If the Parties are unable to resolve issues related to a Dispute within thirty (30) days after the Parties’ appointment of designated representatives as set forth above, a Party may (i) bring an action in an appropriate Federal district court, (ii) file a complaint with the FCC pursuant to Section 207 or 208 of the Act, (iii) seek a declaratory ruling from the FCC, (iv) file a complaint in accordance with the rules, guidelines and regulations of the Commission or (v) seek other relief under applicable law.

14.2 Billing and Payment; Disputed Amounts

14.2.1 ATC and SPRINT shall invoice each other on a monthly basis. Both ATC and SPRINT shall pay any invoice, in immediately available U.S. funds, within forty-five (45) days from the date of the invoice. Except as provided herein there shall be no netting of the amounts due hereunder against any other amount owed by either Party to the other Party.

14.2.2 Although it is the intent of both Parties to submit timely and accurate statements of charges, failure by either Party to present statements to the other Party in a timely manner shall not constitute a breach or default, or a

waiver of the right to payment of the incurred charges, by the Billing Party under this Agreement. And the Billed Party shall not be entitled to dispute the Billing Party's statement(s) based on such Party's failure to submit them in a timely fashion.

14.2.3 If any portion of an amount due to a Party (the "Billing Party") under this Agreement is subject to a bona fide dispute between the Parties, the Party billed (the "Non Paying Party") shall within thirty (30) days of its receipt of the invoice containing such disputed amount give notice to the Billing Party of the amount it disputes ("Disputed Amount") and include in such notice the specific details and reasons for disputing each item. The Non-Paying Party shall pay when due all undisputed amounts to the Billing Party.

14.2.4 If the Parties are unable to resolve the issues related to the Disputed Amounts in the normal course of business within sixty (60) days after the delivery to the Billing Party of the notice of the Disputed Amounts, then either Party may implement the procedures as provided in Section 14.1.

14.2.5 The Parties agree that all negotiations pursuant to this subsection 14.2 shall remain confidential and shall be treated as compromise and settlement negotiations for purposes of the Federal Rules of Evidence and state rules of evidence.

14.2.6 Any undisputed amounts not paid when due shall accrue interest from the date such amounts were due at the lesser of (i) one and one half percent (1-1/2%) per month or (ii) the highest rate of interest that may be charged under applicable law.

14.3 Continuous Service

The Parties shall continue providing services to each other during the pendency of any dispute resolution procedure, and the Parties shall continue to perform their obligations, including making payments in accordance with this Agreement.

15.0 MISCELLANEOUS

15.1 Authorization

15.1.1 ATC is a corporation duly organized, validly existing and in good standing under the laws of the State of Wisconsin and has full power and authority to execute and deliver this Agreement and to perform its obligations

hereunder, subject to necessary regulatory approval.

15.1.2 SPRINT is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware, is validly registered to do business in the State of Wisconsin and has full power and authority to execute and deliver this Agreement and to perform its obligations hereunder, subject to necessary regulatory approval.

15.2 Compliance. Each Party shall comply with all applicable federal, state, and local laws, rules, regulations or orders, applicable to its performance under this Agreement.

15.3 Independent Contractors. Neither this Agreement, nor any actions taken by ATC or SPRINT, in compliance with this Agreement, shall be deemed to create an agency or joint venture relationship. Neither this Agreement, nor any actions taken by ATC or SPRINT in compliance with this Agreement, shall create a contractual, agency or any other type of relationship or third party liability between ATC and end users or others.

15.4 Confidentiality

15.4.1 Any information such as specifications, drawings, sketches, business information, forecasts, models, samples, data, computer programs and other software and documentation of one Party (a Disclosing Party) that is furnished or made available or otherwise disclosed to the other Party or any of its employees, contractors, agents (its "Representatives" and with a Party, a "Receiving Party") pursuant to this Agreement ("Proprietary Information") shall be deemed the property of the Disclosing Party. Proprietary Information, if written, shall be marked "Confidential" or "Proprietary" or by other similar notice, and, if oral or visual, shall be confirmed in writing as confidential by the Disclosing Party to the Receiving Party within ten (10) days after disclosure. Unless Proprietary Information was previously known by the Receiving Party free of any obligation to keep it confidential, or has been or is subsequently made public by an act not attributable to the Receiving Party, or is explicitly agreed in writing not to be regarded as confidential, it (i) shall be held in confidence by each Receiving Party; (ii) shall be disclosed to only those persons who have need for it in connection with the provision of services required to fulfill this Agreement and shall be used only for such purposes; and (iii) may be used for other purposes only upon such terms and conditions as may be mutually agreed to in advance of use in writing by the Parties. Notwithstanding the foregoing sentence, a Receiving Party shall be entitled to disclose or provide Proprietary Information as required by any governmental authority or applicable law only in accordance with

Section 15.4.2 of this Agreement.

15.4.2 If any Receiving Party is required by any governmental authority or by Applicable Law to disclose any Proprietary Information, then such Receiving Party shall provide the Disclosing Party with written notice of such requirement as soon as possible and prior to such disclosure. The Disclosing Party may seek appropriate protective relief from all or part of such and the Receiving Party shall cooperate with the Disclosing Party and not interfere with the Disclosing Party's effort to obtain any protective relief, which such Disclosing Party chooses to obtain.

15.4.3 In the event of the expiration or termination of this Agreement for any reason whatsoever, each Party shall return to the other Party or destroy all Proprietary Information and other documents, work papers and other material (including all copies thereof) obtained from the other Party in connection with this Agreement and shall use all reasonable efforts, including instructing its employees and others who have had access to such information, to keep confidential and not to use any such information, unless such information is now, or is hereafter disclosed, through no act, omission or fault of such Party, in any manner making it available to the general public. Proprietary Information required to be returned does not include invoices and supporting detail relating to charges for the exchange of traffic.

15.4.4 The obligation of confidentiality and use with respect to Proprietary Information disclosed by one Party to the other shall survive any termination of this Agreement.

15.5 Governing Law. This Agreement shall be governed by and construed in accordance with the Act and the State Commission's and FCC's Rules and Regulations as amended, except insofar as state law may control any aspect of this Agreement, in which case the domestic laws of the state of Wisconsin without regard to its conflict of laws principles, shall govern.

15.6 Taxes. Each Party purchasing services hereunder shall pay or otherwise be responsible for all federal, state, or local sales, property, use, excise, gross receipts, transaction or similar taxes, fees or surcharges levied against or upon such purchasing Party (or the providing Party when such providing Party is permitted to pass along to the purchasing Party such taxes, fees or surcharges), except for any tax on either Party's corporate existence, status or income. Whenever possible, these amounts shall be billed as a separate item on the invoice. To the extent a sale is claimed to be for resale tax exemption, the purchasing Party shall furnish the providing Party a proper resale tax

exemption certificate as authorized or required by statute or regulation by the jurisdiction providing said resale tax exemption. Failure to timely provide said resale tax exemption certificate will result in no exemption being available to the purchasing Party.

15.7 Non-Assignment. Neither Party may assign or transfer (whether by operation of law or otherwise) this Agreement (or any rights or obligations hereunder) to a third party without the prior written consent of the other Party which consent will not be unreasonably withheld; provided that either Party may assign this Agreement to a corporate Affiliate or an entity under its common control or an entity acquiring all or substantially all of its assets or equity by providing prior written notice to the other Party of such assignment or transfer. Any attempted assignment or transfer that is not permitted is void ab initio. Without limiting the generality of the foregoing, this Agreement shall be binding upon and shall inure to the benefit of the Parties' respective successors and assigns.

15.8 Non-Waiver. Failure of either Party to insist on performance of any term or condition of this Agreement or to exercise any right or privilege hereunder shall not be construed as a continuing or future waiver of such term, condition, right or privilege. ATC certifies it is a Rural Telephone Company and is entitled to all rights afforded Rural Telephone Companies under the Act including, but not limited to, exemptions, suspensions, and modifications under 47 USC 251(f). This agreement does not affect, and ATC does not waive, any rights including, but not limited to, the rights afforded ATC under 47 USC 251(f).

15.9 Notices. Notices given by one Party to the other Party under this Agreement shall be in writing and shall be (i) delivered personally, (ii) delivered by express delivery service, (iii) mailed, certified mail or first class U.S. mail postage prepaid, return receipt requested or (iv) delivered by telecopy to the following addresses of the Parties:

with a copy to:

or to such other address as either Party shall designate by proper notice. Notices will be deemed given as of the earlier of (i) the date of actual receipt, (ii) the next business day when notice is sent via express mail or personal delivery, (iii) three (3) days after mailing in the case of first class or certified U.S. mail or (iv) on the date set forth on the confirmation in the case of telecopy.

15.10 Publicity and Use of Trademarks or Service Marks. Neither Party nor its subcontractors or agents shall use the other Party's trademarks, service marks, logos or other proprietary trade dress in any advertising, press releases, publicity matters or other promotional materials without the other Party's prior written consent.

15.11 Compliance with Law. Nothing in this Agreement shall be construed as requiring or permitting either Party to violate any requirement of Applicable Law.

15.12 No Third Party Beneficiaries: Disclaimer of Agency. This Agreement is for the sole benefit of the Parties and their permitted assigns, and nothing herein expressed or implied shall create or be construed to create any third-party beneficiary rights hereunder. Except for provisions herein expressly authorizing a Party to act for another, nothing in this Agreement shall constitute a Party as a legal representative or agent of the other Party, nor shall a Party have the right or authority to assume, create or incur any liability or any obligation of any kind, express or implied, against or in the name of or on behalf of the other Party unless otherwise expressly permitted by such other Party. Except as otherwise expressly provided in this Agreement, no Party under takes to perform any obligation of the other Party, whether regulatory or contractual, or to assume any responsibility for the management of the other Party's business.

15.13 No License. No license under patents, copyrights, or any other intellectual property right (other than the limited license to use consistent with the terms, conditions and restrictions of this Agreement) is granted by either Party or shall be implied or arise by estoppel with respect to any transactions contemplated under this Agreement.

15.14 Technology Upgrades. Nothing in this Agreement shall limit either Party's ability to upgrade its network through the incorporation of new equipment, new software or otherwise. Each Party shall provide the other Party written notice at least ninety (90) days prior to the incorporation of any such upgrade in its network which will materially impact service or such other period as required by applicable FCC or Commission rule. Each Party shall be solely responsible for the cost and effort of accommodating such changes in its own network.

15.15 Severability. If any provision of this Agreement is held by a court or regulatory agency of competent jurisdiction to be unenforceable, the rest of the Agreement shall remain in force and effect and shall not be affected unless removal of that provision results, in the opinion of either Party, in a material change to this Agreement. If a material change as described in this paragraph occurs as a result of action by a court or regulatory agency, the Parties shall negotiate in good faith for replacement language that does not materially alter the economic effect of this Agreement on either Party as stated in Section 13.2.

15.16 Entire Agreement. The terms contained in this Agreement and Appendices, tariffs and other documents or instruments referred to herein are hereby incorporated into this Agreement by reference as if set forth fully herein and, constitute the entire Agreement between the Parties with respect to the subject matter hereof, superseding all prior understandings, proposals and other communications, oral or written. Neither Party shall be bound by any preprinted terms additional to or different from those in this Agreement that may appear subsequently in the other Party's form documents, purchase orders, quotations, acknowledgments, invoices or other communications. This Agreement may only be modified by a writing signed by an authorized representative of each Party.

15.17 Amendments. This Agreement may not be modified or amended other than by a written instrument executed by both Parties. Any amendment, modification or supplement to this Agreement shall be filed with the Commission and approved by the Commission as may be required by applicable law.

15.18 Counterparts. This Agreement may be executed in two or more counterparts, of which shall be deemed an original and all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement and its Appendices to be executed by their duly authorized representatives.

Appendix A
Schedule of Interconnection Facilities

I. Interconnection Facilities

- a. Type 2B. SPRINT may arrange for and maintain Type 2B facilities between the ATC End Office Switch in Amherst, WI and the SPRINT MTSO in Wisconsin. (“Interconnection Facilities”)
- b. Point of Interconnection For the exchange of Subject Traffic in accordance with this Agreement, the Parties agree to connect twenty four (24) Trunks using one (1) DS-1 facility using ATC and SBC facilities, by means of a fiber cable at a junction point located at the V and H coordinates: V 5613, H 3949.

II. Dedicated Facilities and Services

Per Applicable ATC Tariff

III. Shared Facility Factor

The following Shared Facility Factors will apply to Interconnection Facilities as provided in Section I.b. above:

Mobile to Land Telecommunications Traffic	to be determined %
Land to Mobile Telecommunications Traffic	to be determined %

Both Parties agree to negotiate the Shared Facility Factor at the time SPRINT requests the Interconnection Facilities as described in Section I above.

Appendix B

Schedule of Charges Pursuant to the Interconnection Agreement for the Transport and Termination of Subject Traffic

This Appendix specifies the rates for the Transport and Termination of Subject Traffic delivered by one Party to the network of the other Party and the charges for other services pursuant to the Agreement for the Transport and Termination of Subject Traffic as follows:

I. Charges for Transport and Termination of Direct Traffic

End Office Termination Rate (per terminating minute of use): \$.0245

This rate is reciprocal and symmetrical for Subject Traffic exchanged between ATC and SPRINT and apply for all Subject Traffic exchanged over the direct Interconnection Facilities, except as described in Section IV of this Appendix B.

II. Charges for Dedicated Facilities and Services Per Applicable ATC Tariff

III. Charges for Transport and Termination of Indirect Traffic

a. End Office Termination Rate (per terminating minute of use) \$.0245

This rate is reciprocal and symmetrical for Subject Traffic exchanged between ATC and SPRINT and applies for all Subject Traffic exchanged pursuant to Section 4.4 of this Agreement, except as described in Section IV of this Appendix B.

IV. InterMTA Traffic Factor

In the event that there is insufficient representative and verifiable data to identify InterMTA Traffic exchanged between the Parties to use in preparation of the monthly billing statement, the Parties agree to apply a percent InterMTA Traffic Factor to the ATC terminated minutes of use as an estimate of the InterMTA Traffic being exchanged. The Parties have developed an initial factor representative of the share of Subject Traffic exchanged that is exempt from Transport and Termination charges. The Parties have agreed upon the InterMTA Factor specified below, which represents the percent of the total terminated minutes to be billed access charges by ATC. The InterMTA Factor will be multiplied by the total Mobile to Landline Subject Traffic minutes recorded each month by ATC or the Transiting Provider to determine those minutes to which terminating access rates apply.

• Mobile to Land Traffic	100.0 %
Subject Traffic	90.0%
InterMTA Traffic	10.0%
Intrastate	100.0%
Interstate	0.0%
• Land to Mobile Traffic	100.0%
Subject Traffic	100.0%

V. Charges for Access Transport, Access Termination and Access End Office Switching for Exchange Access Service

ATC's Access Tariffs in the proper jurisdiction apply.
