Re: Adoption of Interconnection Agreement Pursuant to Section 252(i) of the }
Telecommunications Act of 1996 between Verizon North, Inc. ("Verizon") } 05-TI-
and CommPartners, LLC ("CP") }

Attached for filing with the Commission is a copy of the executed 252 (i) adoption letter. CommPartners, LLC ("CP") is adopting the terms of the arbitrated Interconnection Agreement between AT&T Communications of Wisconsin, Inc. ("AT&T") and Verizon that was approved by the Public Service Commission of Wisconsin (the "Commission") as an effective agreement in the state of Wisconsin in Dockets 265-MA-102/2180-MA-100.

I have been authorized by CommPartners, LLC to submit this filing to the Commission pursuant to 47 U.S.C. Section 252(e) and in recognition of the Commission's jurisdiction in this matter. An electronic copy of the adoption letter and the appendix has been transmitted to Mr. Ken Barth of the Public Service Commission of Wisconsin (PSCW) on October 11, 2006.

If you have questions relating to this matter, I can be contacted at the above numbers.

Very Truly Yours,

/s/ Michael J. Wirl

Re: Requested Adoption Under Section 252(i) of the Communications Act

Dear Mr. Clark:

Verizon North Inc., f/k/a GTE North Incorporated ("Verizon"), a Wisconsin corporation, with principal place of business at 8001 West Jefferson, Ft. Wayne, IN 46804, has received correspondence stating that CommPartners, LLC ("CP"), a Nevada Limited Liability Company, with principal place of business at 3291 North Buffalo Drive, Suite 3, Las Vegas, NV 89129 wishes, pursuant to Section 252(i) of the Communications Act, to adopt the terms of the arbitrated Interconnection Agreement between AT&T Communications of Wisconsin Inc. ("AT&T") and Verizon that was approved by the Wisconsin Public Service Commission (the "Commission") as an effective agreement in the State of Wisconsin in Docket No. 265-MA-102/2180-MA-100, as such agreement exists on the date hereof (including, without limitation, Amendments 1 and 2 thereto, and specifically including the "Amendment to Interconnection Agreements" entered into between Verizon (and its operating telephone company affiliates) and AT&T (and its CLEC affiliates) with an effective date of November 1, 2004 (referred to herein as the "Unitary Rate Amendment"), and the "Amendment to Interconnection Agreements" entered into between Verizon (and its operating telephone company affiliates) and AT&T (and its CLEC affiliates) with an effective date of September 1, 2005 (referred to herein as the "AT&T DS0 Loop/Resale Amendment")), after giving effect to operation of law (the "Terms"). I understand CP has a copy of the Terms. Please note the following with respect to CP's adoption of the Terms.

1. By CP's countersignature on this letter, CP hereby represents and agrees to the following seven points:

- A. CP adopts (and agrees to be bound by) the Terms and, in applying the Terms, agrees that CP shall be substituted in place of AT&T Communications of Wisconsin Inc. and AT&T in the Terms wherever appropriate.
- B. For the avoidance of any doubt, adoption of the Terms does not include adoption of any provision imposing an unbundling obligation on Verizon (i) that no longer applies to Verizon under the Report and Order and Order on Remand (FCC 03-36) released by the Federal Communications Commission ("FCC") on August 21, 2003 in CC Docket Nos. 01-338, 96-98, 98-147 ("Triennial Review Order"), or the Order on Remand in WC Docket No. 04-313 and CC Docket No. 01-338, released by the FCC on February 4, 2005 (the "TRO Remand Order"), or (ii) that is otherwise not required by 47 U.S.C. Section 251(c)(3) or by 47 C.F.R. Part 51.
- C. Notice to CP and Verizon as may be required or permitted under the Terms shall be provided as follows:

- D. CP represents and warrants that it is a certified provider of local telecommunications service in the State of Wisconsin, and that its adoption of the Terms will cover services in the State of Wisconsin only, except that CP and Verizon recognize and agree that, by their terms, the terms of the foregoing Unitary Rate Amendment, effective as of November 1, 2004 and in effect as of the date hereof and the terms of the foregoing AT&T DSO Loop/Resale Amendment, effective as of September 1, 2005 and in effect as of the date

hereof, apply not only between CP and Verizon in Verizon's service territory in the State of Wisconsin but, also, between CP (and its CLEC affiliates) and Verizon (and its operating telephone company affiliates) in all jurisdictions in which Verizon (or its operating telephone company affiliates) and CP (or its CLEC affiliates) are (or become) interconnected.

- E. In the event an interconnection agreement between Verizon and CP is currently in effect in the State of Wisconsin (the "Original ICA"), this adoption shall be an amendment and restatement of the operating terms and conditions of the Original ICA, and shall replace in their entirety the terms of the Original ICA. This adoption is not intended to be, nor shall it be construed to create, a novation or accord and satisfaction with respect to the Original ICA. Any outstanding payment obligations of the parties that were incurred but not fully performed under the Original ICA shall constitute payment obligations of the parties under this adoption.
 - F. Subject to the terms of the Unitary Rate Amendment and the AT&T DS0 Loop/Resale Amendment, Verizon's standard pricing schedule for interconnection agreements in the State of Wisconsin (as such schedule may be amended from time to time) (attached as Appendix A hereto) shall apply to CP's adoption of the Terms, except that, for the avoidance of any doubt the parties agree that the foregoing Unitary Rate Amendment, effective as of November 1, 2004 and in effect as of the date hereof, contains certain provisions for pricing, and that those provisions for pricing shall apply in lieu of any pricing provisions for the same items that might be contained in Appendix A hereto; and except that, for the further avoidance of any doubt, the Parties agree that the foregoing AT&T DS0 Loop/Resale Amendment, effective as of September 1, 2005 and in effect as of the date hereof, contains certain provisions for pricing, and that those provisions for pricing shall apply in lieu of any pricing provisions for the same items that might be contained in Appendix A hereto. CP should note that the aforementioned pricing schedule may contain rates for certain services the terms for which are not included in the Terms or that are otherwise not part of this adoption, and may include phrases or wording not identical to those utilized in the Terms. In an effort to expedite the adoption process, Verizon has not deleted such rates from the pricing schedule or attempted to customize the wording in the pricing schedule to match the Terms. However, the inclusion of such rates in no way obligates Verizon to provide the subject services and in no way waives Verizon's rights, and the use of different wording or phrasing in the pricing schedule does not alter the obligations and rights set forth in the Terms.
 - G. CP's adoption of the Terms shall become effective on October 7, 2005. The parties understand and agree that Verizon shall file this adoption letter with the Commission promptly upon receipt of an original of this letter countersigned by CP as to the points set out in Paragraph One hereof. The term and termination provisions of the Terms shall govern CP's adoption of the Terms. The adoption of the Terms is currently scheduled to expire on February 25, 2007.
2. As the Terms are being adopted by CP pursuant to Section 252(i) of the Act, Verizon does not provide the Terms to you as either a voluntary or negotiated agreement. The filing and performance by Verizon of the Terms does not in any way constitute a waiver by Verizon of any position as to the Terms or a portion thereof, nor does it constitute a waiver by Verizon of all rights and remedies it may have to seek review of the Terms, or to petition the Commission, other administrative body, or court for reconsideration or reversal of any determination made by the Commission pursuant to arbitration in Docket

No. 265-MA-102/2180-MA-100, or to seek review in any way of any provisions included in the Terms as a result of CP's adoption of the Terms.

3. Nothing herein shall be construed as or is intended to be a concession or admission by Verizon that any contractual provision required by the Commission in Docket No. 265-MA-102/2180-MA-100 (the AT&T arbitration) or any provision in the Terms complies with the rights and duties imposed by the Act, the decisions of the FCC and the Commission, the decisions of the courts, or other law, and Verizon expressly reserves its full right to assert and pursue claims arising from or related to the Terms.
4. Verizon reserves the right to deny CP's application of the Terms, in whole or in part, at any time:
 - A. when the costs of providing the Terms to CP are greater than the costs of providing them to AT&T;
 - B. if the provision of the Terms to CP is not technically feasible; and/or
 - C. to the extent that Verizon otherwise is not required to make the Terms available to CP under applicable law.
5. Should CP attempt to apply the Terms in a manner that conflicts with Paragraphs Two through Paragraphs Four above, Verizon reserves its rights to seek appropriate legal and/or equitable relief.
6. In the event that a voluntary or involuntary petition has been or is in the future filed against CP under bankruptcy or insolvency laws, or any law relating to the relief of debtors, readjustment of indebtedness, debtor reorganization or composition or extension of debt (any such proceeding, an "Insolvency Proceeding"), then: (A) all rights of Verizon under such laws, including, without limitation, all rights of Verizon under 11 U.S.C. § 366, shall be preserved, and CP's adoption of the Terms shall in no way impair such rights of Verizon; and (B) all rights of CP resulting from CP's adoption of the Terms shall be subject to and modified by any Stipulations and Orders entered in the Insolvency Proceeding, including, without limitation, any Stipulation or Order providing adequate assurance of payment to Verizon pursuant to 11 U.S.C. § 366.

I. Rates and Charges for Transport and Termination of Traffic³

A. Reciprocal Compensation Traffic Termination

Reciprocal Compensation Traffic End Office Rate: **\$0.0055240 per minute of use.**

Reciprocal Compensation Traffic Tandem Rate: **\$0.0085210 per minute of use.**

B. The Tandem Transit Traffic Service Charge is \$0.0031480 per minute of use.

C. Entrance Facility and Transport for Interconnection Charges: See Intrastate Special Access Tariff

D. Exchange Access Service: Per Verizon interstate and/or Verizon intrastate access tariff

¹ This Appendix may contain rates for (and/or reference) services, facilities, arrangements and the like that Verizon does not have an obligation to provide under the Agreement (e.g., services, facilities, arrangements and the like that Verizon is not required to provide under Section 251 of the Act). Notwithstanding any such rates (and/or references) and, for the avoidance of any doubt, nothing in this Appendix shall be deemed to require Verizon to provide a service, facility, arrangement or the like that the Agreement does not require Verizon to provide, or to provide a service, facility, arrangement or the like upon rates, terms or conditions other than those that may be required by the Agreement.

All rates and charges set forth in this Appendix shall apply until such time as they are replaced by new rates and/or charges as the Commission or the FCC may approve or allow to go into effect from time to time, subject however, to any stay or other order issued by any court of competent jurisdiction. In addition to any rates and charges set forth herein, Verizon, effective as of March 11, 2005, may, but shall not be required to, charge (and CP shall pay) any rates and charges that apply to a CLEC's embedded base of certain UNEs pursuant to the FCC's Order on Remand, *Unbundled Access to Network Elements; Review of the Section 251 Unbundling Obligations of Incumbent Local Exchange Carriers*, WC Docket No. 04-313, CC Docket No. 01-338 (FCC rel. Feb. 4, 2005) (the "TRRO"), the foregoing being without limitation of other rates and charges that may apply under subsequent FCC orders or otherwise. In addition, as set forth in Industry Notices, access tariff rates and/or other applicable non-UNE rates may apply for certain facilities and arrangements that are no longer available as unbundled network elements or combinations thereof.

² Certain of the rates and charges set forth within, as indicated by an "diamond" (◆), are arbitrated rates taken from the previously arbitrated Interconnection, Resale and Unbundling Agreement between GTE and AT&T Communications, which was approved by the Commission in an Order dated December 12, 1996, in Docket Nos. 265-MA-102 and 2180-MA-100. Verizon has agreed to use and to incorporate herein such arbitrated rates subject to the following: The Parties expressly agree (1) that such arbitrated rates shall not be deemed to have been voluntarily negotiated by the Parties, and (2) that, for purposes of calculating Reciprocal Compensation Traffic, the arbitrated rates shall not apply to Internet Traffic, as set forth more fully in the Interconnection Attachment of this Agreement. The foregoing shall not, in any way, limit any other term, condition, limitation or reservation of right in the Agreement that applies to rates, including, but not limited to the Reservation of Rights language of the General Terms and Conditions. The Parties further agree that the Commission's Order in Docket Nos. 265-MA-102 and 2180-MA-100, to the extent such Order established the arbitrated rates, shall be deemed an "arbitration decision associated with this Agreement" under the General Terms and Conditions.

³ All rates and charges specified herein are pertaining to the Interconnection Attachment.

Application of NRCs

Pre-ordering:

CLEC Account Establishment is a one-time charge applied the first time that CP orders any service from this Agreement.

Customer Record Search applies when CP requests a summary of the services currently subscribed to by the end-user.

Ordering and Provisioning:

Engineered Initial Service Order - New Service applies per Local Service Request (LSR) when engineering work activity is required to complete the order, e.g. digital loops.

Non-Engineered Initial Service Order - New Service applies per LSR when no engineering work activity is required to complete the order, e.g. analog loops.

Initial Service Order - As Specified (Engineered or Non-Engineered) applies only to Complex Services for services migrating from Verizon to CP. Complex Services are services that require a data gathering form or have special instructions.

Non-Engineered Initial Service Order - Changeover applies only to Basic Services for services migrating from Verizon to CP. End-user service may remain the same or change.

Central Office Connect applies in addition to the ISO when physical installation is required at the central office.

Outside Facility Connect applies in addition to the ISO when incremental fieldwork is required.

Manual Ordering Charge applies to orders that require Verizon to manually enter CP's order into Verizon's Secure Integrated Gateway System (SIGS), e.g. faxed orders and orders sent via physical or electronic mail.

Custom Handling (These NRCs are in addition to any Preordering or Ordering and Provisioning NRCs):

Service Order Expedite (Engineered or Non-Engineered) applies if CP requests service prior to the standard due date intervals.

Coordinated Conversion applies if CP requests notification and coordination of service cut over prior to the service becoming effective.

Hot Coordinated Conversion First Hour applies if CP requests real-time coordination of a service cut-over that takes one hour or less.

Hot Coordinated Conversion Per Additional Quarter Hour applies, in addition to the Hot Coordinated Conversion First Hour, for every 15-minute segment of real-time coordination of a service cut-over that takes more than one hour.

⁸ This Appendix may contain rates and charges for (and/or reference) services, facilities, arrangements and the like that Verizon does not have an obligation to provide under the Agreement (e.g., services, facilities, arrangements and the like for which an unbundling requirement does not exist under 47 U.S.C. Section 251(c)(3)). Notwithstanding any such rates and/or charges (and/or references) and, for the avoidance of any doubt, nothing in this Appendix shall be deemed to require Verizon to provide a service, facility, arrangement or the like that the Agreement does not require Verizon to provide, or to provide a service, facility, arrangement or the like upon rates, terms or conditions other than those that may be required by the Agreement.

⁹ Engineering Query Charges apply in addition to charges for actual network modification and Engineering Work Order charges where applicable.

¹⁰ Engineering Work Order Charges apply in addition to charges for actual network modification and Engineering Query charges where applicable.

¹¹ Expedite Charges apply in addition to other listed rates.

Application of NRCs

Preordering:

CLEC Account Establishment is a one-time charge applied the first time that CP orders any service from this Agreement.

Customer Record Search applies when CP requests a summary of the services currently subscribed to by the end-user.

Ordering and Provisioning:

Initial Service Order (ISO) applies to each Local Service Request (LSR) and Access Service Request (ASR) for new service. Charge is Manual (e.g. for a faxed order) or Semi-Mechanized (e.g. for an electronically transmitted order) based upon the method of submission used by the CLEC.

Subsequent Service Order applies to each LSR/ASR for modifications to an existing service. Charge is Manual or Semi-Mechanized based upon the method of submission used by the CLEC.

Advanced ISO applies per LSR/ASR when engineering work activity is required to complete the order.

Exchange ISO applies per LSR/ASR when no engineering work activity is required to complete the order.

Provisioning – Initial Unit applies per ISO for the first unit installed. The Additional Unit applies for each additional unit installed on the same ISO.

Basic Provisioning applies to services that can be provisioned using standard network components maintained in inventory without specialized instructions for switch translations, routing, and service arrangements.

Complex Provisioning applies to services that require special instruction for the provisioning of the service to meet the customer's needs.

Examples of services and their Ordering/Provisioning category that applies:

Exchange-Basic: 2-Wire Analog, 4-Wire Analog, Standard Sub-Loop Distribution, Drop and NID.

Exchange-Complex: Non-loaded Sub-Loop Distribution and Loop Conditioning, Customized Routing and ISDN BRI Digital Line Side Port.

Advanced-Basic: 2-Wire Digital Loop, 4-Wire Digital Loop

Advanced-Complex: DS1 Loop, DS3 Loop, Dark Fiber, EELs, and ISDN PRI Digital Trunk Side Port

Conditioning applies in addition to the ISO, for each Loop or Sub-Loop UNE for the installation and grooming of Conditioning requests.

DS1 Clear Channel Capability applies in addition to the ISO, per DS1 for the installation and grooming of DS1 Clear Channel Capability requests.

Changeover Charge applies to EEL orders when an existing retail, resale, or special access service is already in place.

Service Inquiry – Dark Fiber applies per service inquiry when a CLEC requests Verizon to determine the availability of dark fiber on a specific route.

EELs - The NRCs that generally apply to an EEL arrangement are applicable ordering & provisioning charges for EEL Loops, IDT, Multiplexing and Clear Channel Capability

Custom Handling (These NRCs are in addition to any Preordering or Ordering and Provisioning NRCs):

Service Order Expedite applies if CP requests service prior to the standard due date intervals and the expedite request can be met by Verizon.

Coordinated Conversion applies if CP requests notification and coordination of service cut-over prior to the service becoming effective.

Hot Coordinated Conversion First Hour applies if CP requests real-time coordination of a service cut-over that takes one hour or less.

Hot Coordinated Conversion Per Additional Quarter Hour applies, in addition to the Hot Coordinated Conversion First Hour, for every 15-minute segment of real-time coordination of a service cut-over that takes more than one hour.

Design Change Charge applies to EELs & Transport orders for design changes requested by the CLEC.
