2.0 INTERPRETATION AND CONSTRUCTION

All references to Sections, Exhibits and Schedules shall be deemed to be references to Sections of, and Exhibits and Schedules to, this Agreement unless the context shall otherwise require. The headings of the Sections are inserted for convenience of reference only and are not intended to be part of or to affect the meaning or interpretation of this Agreement. Unless the context shall otherwise require, any reference to any agreement, other instrument (including Ameritech or other third party offerings, guides or practices), statute, regulation, rule or tariff is to such agreement, instrument, statute, regulation, rule or tariff as amended and supplemented from time to time (and, in the case of a statute, regulation, rule or tariff, to any successor provision).

3.0 RECIPROCAL COMPENSATION

3.1 Subject to the limitations set forth below, Ameritech shall compensate Carrier for the Transport and Termination of Local Telecommunications Traffic originated on Ameritech's network and Carrier shall compensate Ameritech for the Transport and Termination of Local Telecommunications Traffic originated on Carrier's wireless network. The rates for reciprocal compensation are set forth in Attachment A, Figure 1 and 2. These rates shall be further revised in the event that the FCC, the Commission or a court of law changes or modifies the rules or cost methodology by which such rates are calculated. Rates which are revised pursuant to this paragraph shall be effective immediately upon written notice given by Ameritech to Carrier or by Carrier to Ameritech, whichever occurs earlier.

3.2 Reciprocal Compensation shall not apply to:

- (a) Multi-party Traffic;
- (b) Type 1 Traffic;
- (c) Calls for which the originating Party does not charge the caller, including, but not limited to, 500, 700, 800/888, 900 and 976 calls;
- (d) Calls for which the terminating Party has elected to pay the originating party, including Type 2, Billing Option 1 Traffic.

3.3 The following traffic is not subject to this Agreement:

- (a) Traffic which does not qualify as Local Telecommunications Traffic, including, but not limited to, interMTA traffic and interstate access “roaming” traffic;
 - (b) Non-CMRS Traffic.
- 3.4 The calculation of minutes for purposes of Reciprocal Compensation shall be as specified in Ameritech’s intrastate access tariff.
- 3.5 For purposes of defining Local Telecommunications Traffic under this Agreement, the origination and termination points shall be determined as follows. The origination point and the termination point on Ameritech’s network shall be the end office serving the calling or called party. The origination point and the termination point on Carrier’s network shall be the cell site or base station which services the calling or called party at the time the call begins.
- 3.6 The rates set forth on Attachment A shall become effective thirty (30) days after this Agreement is approved by the Commission or the FCC under Section 252 of the Act. From the date Carrier requested negotiation or renegotiation of its arrangement with Ameritech under 47 CFR Section 51.715 or Section 51.717(a), until thirty (30) days after this Agreement is approved by the Commission or the FCC, Ameritech shall continue to assess upon Carrier Ameritech’s tariffed rates for Type 2 Service. Carrier shall impose the same rates upon Ameritech for providing its transport and termination services beginning on the earlier of the date Carrier submitted a written request for renegotiation or November 1, 1996.

4.0 TRAFFIC NOT SUBJECT TO RECIPROCAL COMPENSATION

Type 2 Traffic which is not subject to Reciprocal Compensation under this agreement shall be charged at the rates set forth in Attachment D. Charges for carrier dedicated trunks are set forth in Attachment E. Type 1 Traffic shall be charged at the rates set forth in Attachment F.

5.0 ELECTED SERVICES

- 5.1 As long as such service is offered by Ameritech, Carrier may elect Ameritech’s Type 2 Billing Option 1 for the NXX codes as may be designated in the future. Under Billing Option 1, Carrier agrees to pay the then-existing tariffed access charges for calls terminated to it pursuant to such service. Carrier may revoke such election as to all or any part of such service by providing Ameritech at least thirty (30) days prior written notice.

- 5.2 Ameritech currently is not providing Carrier Type 1 service. If Carrier orders Type 1 service in the future, it shall do so pursuant to the terms and conditions in Ameritech's then-existing tariff or, in the absence of such a tariff, the terms and conditions which are generally available via contract.
- 5.3 Carrier shall not impose Transport and Termination charges on Ameritech for Type 1 Traffic or Type 2 Billing Option 1 Traffic delivered by Ameritech to Carrier.

6.0 CALLING PARTY PAYS TRAFFIC

Carrier shall be responsible for the charges for Calling Party Pays Traffic originated by its customers. Upon request, Ameritech will provide Carrier rated billing information for such calls.

7.0 MULTI-PARTY TRAFFIC

- 7.1 The Reciprocal Compensation obligations in this Agreement shall not apply to calls which are jointly carried by Ameritech and another facilities-based telecommunications carrier, including interexchange carriers ("IXCs"), independent telephone companies ("ICOs"), competitive local exchange carriers ("CLECs") or CMRS providers, and which are terminated to Carrier. Except as provided below, payments for these calls shall continue to be made as they are being made as of the Effective Date of this Agreement.
- 7.2 For calls which originate on the network of an ICO, CLEC or other CMRS provider, and which are carried by Ameritech and are terminated on Carrier's network (as illustrated on Attachment B, figure 1), Ameritech shall pass such calls to Carrier, and Carrier shall terminate such calls, without charge to one another. Reciprocal Compensation shall not apply.
- 7.3 For calls which originate on Carrier's network and which are carried by Ameritech for termination by an ICO, CLEC or other CMRS provider (as illustrated on Attachment B, figure 2), Carrier shall pay Ameritech at the rates set forth in Attachment B, Figure 3. Reciprocal compensation shall not apply. Carrier is responsible for additional charges, if any, that may be assessed by the ICO, CLEC or other CMRS provider for the portion of the service provided by such carrier.
- 7.4 The rate set forth in Attachment B, Figure 3 is interim and shall be superseded by the rate for multi-party traffic, or transiting,

established by the Illinois Commission in Dockets 96-0468 and 96-0569. In addition, the Parties shall true-up compensation for transiting such that Ameritech shall receive the transiting rate it would have received had the approved rates been in effect as of the date the rate in Attachment B became effective. The true-up shall include the period beginning on the date the rate in Attachment B becomes effective and ending on the date Ameritech's approved rate becomes effective. The true-up, including the payment of the amounts due thereunder, shall be completed within sixty (60) days of the date Ameritech's approved rates become effective.

- 7.5 This Section 7.0 shall not apply to traffic carried by Ameritech pursuant to the Commission's primary toll carrier plan or a similar plan.

8.0 SEPARATE TRUNK GROUPS

- 8.1 The Parties acknowledge that it is important that Ameritech be able to accurately identify traffic types for appropriate charging. In order to achieve this goal, Carrier shall select from either of the options set forth in 8.2 and 8.3.

8.2 Option 1

- 8.2.1 Carrier and Ameritech shall provision five separate trunk groups between Carrier's MSCs and Ameritech's network. The five trunk groups shall separately carry the following types of traffic:
- a. If the prefix of the called number is rated at Carrier's location, Ameritech shall provision a trunk group for traffic from Ameritech to Carrier for call eligible for Reciprocal Compensation under this Agreement.
 - b. If the prefix of the called number is rated at Carrier's location, Ameritech shall provision a trunk group for traffic from Ameritech to Carrier for calls which are not eligible for Reciprocal Compensation under this Agreement.
 - c. Carrier shall provision a trunk group for traffic from Carrier to Ameritech for calls eligible for Reciprocal Compensation under this Agreement;

- d. Carrier shall provision a trunk group for traffic from Carrier to Ameritech for calls which are not eligible for Reciprocal Compensation under this Agreement; and
- e. Carrier shall provision a trunk group for traffic from Carrier to Ameritech for calls routed to an Interexchange Carrier.

8.2.2 All trunks shall be provisioned and maintained at a P.01 grade of service and shall use SS7 signaling.

8.2.3 If the Parties agree that any of these trunk groups is no longer required for accurate billing, the Parties shall eliminate one or more of these trunk groups.

8.3 Option 2

8.3.1 Carrier shall be responsible for provisioning two separate trunk groups between its MSCs and Ameritech's network. One trunk group shall separately carry the types of traffic set forth in Section 8.2.1(a) through (d); the other shall carry the type of traffic set forth in Section 8.2.1(e). Charges for the two trunk groups set forth in Section 8.2.1(a) through (d) shall be reduced by seventeen percent (17%) to reflect Ameritech's use of the trunks for traffic originating on Ameritech's network and terminating on Carrier's network. Six (6) months after the Effective Date, Ameritech shall calculate on a minutes of use basis the percentage of the two-way trunk groups used for Ameritech's land to mobile Type 2, Billing Option 2 traffic. For the following twelve (12) months, charges for the two-way trunk groups shall be reduced by this percentage. This figure shall be re-calculated every twelve (12) months. All trunks shall be provisioned and maintained at a P.01 grade of services and shall use SS7 signaling.

8.3.2 At the Carrier's option, Ameritech shall provide Carrier the following monthly reports on network usage at the prices set forth in Attachment C:

- (a) CMRS Report. A report showing traffic originating on Ameritech landline facilities and terminating to Carrier: This report may be used by Carrier to calculate Ameritech's obligations to pay Reciprocal Compensation. Charge for this report are set forth in Attachment C. Figure 1.

- (b) Traffic Distribution Report. A report showing traffic terminating through Ameritech to ICOs, CLECs or other CMRS providers. This report shall be used to calculate Carrier's obligations in Section 7.0 to pay Ameritech for Multiparty Traffic. Charges for this report are set forth in Attachment C, Figure 2.

Sample copies of both reports are shown in Attachment C.

8.3.3 Carrier agrees to accept the reports as an accurate statement of traffic exchanged between the parties, subject to the right to audit the reports. Such right to audit shall be waived if not exercised within one hundred twenty (120) days of receipt of the report.

8.3.4 Subject to the prior approval of Carrier, Ameritech shall have the ability, at its option and upon sixty (60) days written notice, to direct Carrier to convert from Trunk Group Option 2 to Option 1 of this Section.

9.0 TERM AND SCOPE

- 9.1 This Agreement shall commence on the Effective Date and shall continue in effect for a period of two (2) years. The Parties shall enter into negotiations to replace this agreement with Ameritech's Interconnection Agreement for a wireless system. Negotiations shall be concluded, and a new agreement shall be executed, by January 1, 1998. Absent a receipt by one Party of written notice from the other Party at least ninety (90) days prior the expiration of the Term to the effect that such Party does not intend to extend the Term of this Agreement, this Agreement shall automatically renew and remain in full force and effect on and after expiration of the Term until terminated by either Party pursuant to Section 9.2.
- 9.2 If pursuant to Section 9.1 this Agreement continues in full force and effect after the expiration of the Term, either Party may terminate this Agreement ninety (90) days after delivering written notice to the other Party of its intention to terminate the Agreement. Upon such notice, either party may require negotiations of the rates, prices and charges, terms and conditions of the services to be provided under this Agreement effective upon such expiration. If the Parties are unable to satisfactorily negotiate such new rates, prices, charges and terms within ninety (90) days of such written notice, either party may petition the Commission or take such other action as may be necessary to establish appropriate terms. If the Parties are unable

to mutually agree on such new rates, prices, charges and terms or the Commission does not issue its order prior to the applicable expiration date, the Parties agree that the rates, terms and conditions ultimately ordered by such Commission or negotiated by the Parties will be effective retroactive to such expiration date. Until such time as the Commission issues its order, the rates, terms and conditions of this Agreement shall control. Neither Party shall have any liability to the other Party for termination of this Agreement pursuant to this Section 9.2 other than to pay to the other Party any amounts owed under this Agreement.

10.0 PAYMENT

- 10.1 Ameritech and Carrier shall invoice each other on a monthly basis. Both Ameritech and Carrier shall pay the undisputed portion of any invoice within thirty (30) days from the date of the invoice. Past due amounts shall be assessed a late payment charge in the amount of 0.000493% per day (annual percentage rate of 18%) compounded daily, or the highest rate allowed by law, whichever is lower. If either party disputes an amount, it must do so in writing to the other party within forty-five (45) days from the date of the invoice.
- 10.2 There shall be no “netting” of the amounts due hereunder against any other amount owed by Ameritech or Carrier to each other.

11.0 LIMITATION OF LIABILITY

In no event shall either Party have any liability whatsoever to the other Party for any indirect, special, consequential, incidental or punitive damages, including but not limited to loss of anticipated profits or revenues or other economic loss in connection with or arising from anything said, omitted or done hereunder, even if the other Party has been advised of the possibility of such damages.

12.0 REGULATORY APPROVAL

- 12.1 The Parties understand and agree that this Agreement will be filed with the Commission and may thereafter be filed with the FCC. The Parties covenant and agree that this Agreement is satisfactory to them as an agreement under Section 251 of the Act. Each Party covenants and agrees to fully support approval of this Agreement by the Commission or the FCC under Section 252 of the Act without modification. If the Commission or the FCC rejects any portion of this Agreement, the Parties agree to meet and negotiate in good faith to arrive at a mutually acceptable modification of the rejected portion; provided that such rejected portion shall not affect

the validity of the remainder of this Agreement. The Parties acknowledge that nothing in this Agreement shall limit a Party's ability, independent of such Party's agreement to support and participate in the approval of this Agreement, to assert public policy issues relating to the Act.

- 12.2 The terms and conditions of Ameritech's intrastate access tariff continue to apply to the services provided by Ameritech to Carrier that are subject to this Agreement.
- 12.3 If Ameritech enters into an agreement (the "Other Agreement") approved by the Commission pursuant to Section 252 of the Act which provides for interconnection within Wisconsin to another requesting Telecommunications Carrier, including itself or its Affiliate, Ameritech shall make available to Carrier such arrangement upon the same rates, terms and conditions as those provided in the Other Agreement. Carrier may avail itself of either (i) the other Agreement in its entirety or (ii) the prices, terms and conditions of the Other Agreement that relate to the arrangements in the Other Agreement for the interconnection and reciprocal compensation of local telecommunications traffic.
- 12.4 Upon Carrier's election to adopt provisions of the Other Agreement, the Parties shall amend this Agreement to reflect such terms within thirty (30) days after Ameritech's receipt of notice specifying such election. Notwithstanding the foregoing, Carrier may not avail itself of any of the arrangements in the Other Agreement if Ameritech demonstrates to the Commission that it would incur greater cost to provide such arrangement than to the Telecommunications Carrier that is party to the Other Agreement.

13.0 AUTHORIZATION

- 13.1 Ameritech Information Industry Services, a division of Ameritech Services, Inc., is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware and has full power and authority to execute and deliver this Agreement and to perform the obligations hereunder on behalf of Ameritech Wisconsin.

Each Party has sole authority and responsibility to hire, fire and otherwise control its employees.

16.0 FORCE MAJEURE

Neither Party shall be liable for any delay or failure in performance of any part of this Agreement from any cause beyond its control and without its fault or negligence including, without limitation, acts of nature, acts of civil or military authority, government regulations, embargoes, epidemics, terrorist acts, riots, insurrections, fires, explosions, earthquakes, nuclear accidents, floods, work stoppages, equipment failure, power blackouts, volcanic action, other major environmental disturbances, unusually severe weather conditions, inability to secure products or services of other persons or transportation facilities or acts or omissions of transportation carriers (individually or collectively, a "Force Majeure Event"). Each Party shall use best efforts to resume full performance within sixty (60) days of the cessation of the Force Majeure Event.

17.0 CONFIDENTIALITY

17.1 Ameritech and Carrier intend to disclose to each other information, which may include confidential information. "Confidential Information" means any information or data disclosed by a party (the "Disclosing Party") to the other party (the "Recipient") under or in contemplation of this Agreement and which (a) if in tangible form or other media that can be converted to readable form, is clearly marked as proprietary, confidential or private when disclosed, or (b) if oral or visual, is identified as proprietary, confidential, or private on disclosure.

For purposes of this Agreement only, "employees" includes third parties retained by the parties hereto for temporary administrative, clerical or programming support. A "need to know" means that the employee requires the Confidential Information to perform their responsibilities in connection with the Project.

17.4 The obligations of Paragraph 3 shall not apply to any Confidential Information which the Recipient can demonstrate:

FIRST AMENDMENT

This First Amendment ("Amendment"), dated this 2nd day of January, 1999 ("Effective Date") is by and between Ameritech Information Industry Services, a division of Ameritech Services, Inc., a Delaware corporation with offices at 350 North Orleans, Third Floor, Chicago, Illinois 60654 on behalf on Wisconsin Bell, Inc., d/b/a/ Ameritech Wisconsin ("Ameritech") and PrimeCo Personal Communications, L.P., a Delaware limited partnership with offices at 6 Campus Circle, West lake, Texas 76262 ("Carrier").

WHEREAS, Ameritech and Carrier are parties to an agreement known as "Agreement For Reciprocal Compensation For CMRS Local Calling in Wisconsin" dated July 14, 1997 ("Agreement"); and

WHEREAS, Ameritech and Carrier wish to arrive at a commercial arrangement in which the reverse billing option is eliminated and Carrier has the option to rate its NXX codes at Ameritech End Offices within the LATA; and

WHEREAS, Ameritech and Carrier desire to amend the Agreement as set forth in this Amendment.

NOW THEREFORE, in consideration of the covenants and undertakings set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Ameritech and Carrier hereby agree as follows:

1.0 DEFINITIONS

Rate Center - means the specific geographic point which has been designated as being associated with a particular NPA-NXX code which has been assigned to a carrier for its provision of telephone exchange service. The Rate Center is the finite geographic point identified by a specific V&H coordinate, which is used by that carrier to measure, for billing purposes, distance sensitive transmission services associated with the specific Rate Center; provided that Rate Center cannot exceed the boundaries of an exchange area as defined by the state regulatory commission.

Reverse Billing - means an optional billing service which has in the past been offered by Ameritech to CMRS providers from time to time. Under this billing option, the CMRS provider is charged a per minute rate for calls to its customers and this charge is in lieu of charges to the calling party.

Standard Billing - means a billing arrangement offered by Ameritech to CMRS providers. Under this billing arrangement, the calling party is charged applicable calling rates for calls made to customers of a CMRS provider.

2.0 REVERSE BILLING

2.1 As of the Effective Date of this Amendment, Reverse Billing shall not be available to Carrier for new NXX codes. Within six (6) months of the Effective Date of this Amendment, any existing Reverse Billing NXX codes shall be converted to Standard Billing in every End Office in the LATA. NXX code conversion shall take place on a mutually agreed upon schedule. Carrier shall provide all necessary cooperation and shall take all necessary action to accomplish this conversion within the six (6) month period.

2.2 If Carrier fails to take the necessary action to convert Reverse Billing NXX codes to Standard Billing within the time period set forth in Section 2.1, Ameritech shall have the right to convert such NXX codes to Standard Billing.

3.0 RATING OF NXX CODES

3.1 The flexible rating of NXX codes described in this Amendment is available only for Type 2 Land to Mobile traffic which is billed under the Standard Billing arrangement ("Covered Traffic"). Carrier may designate a Rate Center for each NXX code assigned to it for Covered Traffic at either: 1) its own premises; or 2) an Ameritech End Office located within the same LATA as Carrier's premises. Carrier may designate as its premises a Carrier MSC, a Carrier cell site or another mutually agreed upon location.

3.2 Where the specified Rate Center is at Carrier's premises or an Ameritech End Office, Ameritech will transport Covered Traffic from the originating End Office Switch to the Carrier's premises without a charge to Carrier.

4.0 DIRECT TRUNKING OF MOBILE TO LAND TRAFFIC

For Type 2 standard billing option traffic, Ameritech shall transport Ameritech-originated, local Land to Mobile traffic to Carrier's MSC, or, in the event Carrier has no MSC in the LATA, to Carrier's designated premises within the LATA. Carrier shall transport traffic in the Mobile to Land direction to Ameritech's tandem. Notwithstanding anything to the contrary, if the traffic from Carrier's Network to any Ameritech End Office located in a serving wire center in which Carrier has elected the NXX Flexible Rating Option at any time exceeds 550 busy hour CCS (i.e., the practical engineering capacity of DS1), Carrier and Ameritech shall within twenty (20) calendar days of the occurrence meet to review available traffic studies, trunk group architecture and traffic routing relating to this Mobile to Land traffic. Both Parties shall explore options for Carrier to reduce tandem traffic that is terminated to a particular Ameritech end office to less than 550 busy hour CCS. If the Parties are unable to agree upon a solution acceptable to Ameritech within thirty (30) calendar days of the meeting, Carrier shall, at its expense, within sixty (60) days after the thirty day period establish new or additional one-way trunk Mobile to Land groups from Carrier's network to the applicable Ameritech End Office.

5.0 FULL FORCE AND EFFECT

All other terms and conditions of the Agreement shall remain in full force and effect.

IN WITNESS WHEREOF, Ameritech and Carrier have entered into this Amendment as of the Effective Date set forth above.

Wisconsin Bell, Inc.¹ d/b/a SBC Wisconsin, as the Incumbent Local Exchange Carrier in Wisconsin, (hereafter, "ILEC") and Verizon Wireless Cellco Partnership D/b/a Verizon Wireless as a Competitive Local Exchange Carrier ("CLEC"), an Independent Local Exchange Carrier ("Independent") or Commercial Mobile Radio Service ("CMRS") provider in Wisconsin, (referred to as "CARRIER"), in order to amend, modify and supersede any affected provisions of their Interconnection Agreement with ILEC in Wisconsin ("Interconnection Agreement"), hereby execute this Reciprocal Compensation Amendment for ISP-Bound Traffic and Federal Telecommunications Act Section 251(b)(5) Traffic (Adopting FCC's Interim ISP Terminating Compensation Plan) ("Amendment"). - 1.3 This Amendment is intended to supercede any and all contract sections, appendices, attachments, rate schedules, or other portions of the underlying Interconnection Agreement that set forth rates, terms and conditions for the terminating compensation for ISP-bound Traffic and Section 251(b)(5) Traffic exchanged between ILEC and CARRIER. Any inconsistencies between the provisions of this Amendment and provisions of the underlying Interconnection Agreement shall be governed by the provisions of this Amendment.

2. Rates, Terms and Conditions of FCC's Interim Terminating Compensation Plan for ISP-Bound Traffic and Section 251(b)(5) Traffic

- 2.1 ILEC and CARRIER hereby agree that the following rates, terms and conditions shall apply to all ISP-bound Traffic and all Section 251(b)(5) Traffic exchanged between the Parties on and after the date this Amendment becomes effective pursuant to Section 4.1 of this Amendment.
- 2.2 Descending Reciprocal Compensation Rate Schedule for ISP-bound Traffic and Section 251(b)(5) Traffic:
 - 2.2.1 The rates, terms, conditions in this section apply only to the termination of ISP-bound Traffic and Section 251(b)(5) Traffic, and ISP-bound Traffic is subject to the growth caps and new local market restrictions

¹ Wisconsin Bell, Inc. ("Wisconsin Bell"), a Wisconsin corporation, is a wholly owned subsidiary of Ameritech Corporation, which owns the former Bell operating companies in the States of Illinois, Indiana, Michigan, Ohio and Wisconsin. Wisconsin Bell offers telecommunications services and operates under the names "SBC Wisconsin" and "SBC Ameritech Wisconsin", pursuant to assumed name filings with the State of Wisconsin. Ameritech Corporation is a wholly owned subsidiary of SBC Communications, Inc.

stated in Sections 2.3 and 2.4 below. Notwithstanding anything contrary in this Amendment, the growth caps in Section 2.3 and the rebuttable presumption in Section 2.6 only apply to LECs.

- 2.2.2 The Parties agree to compensate each other for such ISP-bound Traffic and Section 251(b)(5) Traffic on a minute of use basis, according to the following rate schedule:

June 1, 2003 – June 14, 2003: .0010 per minute
June 15, 2003 and thereafter: .0007 per minute

- 2.2.3 Payment of Reciprocal Compensation will not vary according to whether the traffic is routed through a tandem switch or directly to an end office switch. Where the terminating party utilizes a hierarchical or two-tier switching network, the Parties agree that the payment of these rates in no way modifies, alters, or otherwise affects any requirements to establish Direct End Office Trunking, or otherwise avoids the applicable provisions of the Interconnection Agreement and industry standards for interconnection, trunking, Calling Party Number (CPN) signaling, call transport, and switch usage recordation.

2.3 ISP-bound Traffic Minutes Growth Cap

- 2.3.1 On a calendar year basis, as set forth below, LEC and ILEC agree to cap overall compensable Wisconsin ISP-bound Traffic minutes of use in the future based upon the 1st Quarter 2001 ISP-bound Traffic minutes for which LEC was entitled to compensation under its Wisconsin Interconnection Agreement(s) in existence for the 1st Quarter of 2001, on the following schedule.

Calendar Year 2001	1st Quarter 2001 compensable ISP-bound minutes, times 4, times 1.10
Calendar Year 2002	Year 2001 compensable ISP-bound minutes, times 1.10
Calendar Year 2003	Year 2002 compensable ISP-bound minutes
Calendar Year 2004 and on	Year 2002 compensable ISP-bound minutes

- 2.3.2 ISP-bound Traffic minutes that exceed the applied growth cap will be Bill and Keep. "Bill and Keep" refers to an arrangement in which neither of two interconnecting Parties charges the other for terminating traffic that originates on the other network; instead, each Party recovers from its end-users the cost of both originating traffic that it delivers to the other Party and terminating traffic that it receives from the other Party.

2.4 Bill and Keep For ISP-bound Traffic in New Markets

- 2.4.1 In the event CARRIER and ILEC have not previously exchanged ISP-bound Traffic in any one or more Wisconsin LATAs prior to April 18, 2001, Bill and Keep will be the reciprocal compensation arrangement for all ISP-bound Traffic between CARRIER and ILEC for the remaining term of this Agreement in any such Wisconsin LATAs.

- 2.4.2 In the event CARRIER and ILEC have previously exchanged traffic in an Wisconsin LATA prior to April 18, 2001, the Parties agree that they shall only compensate each other for completing ISP-bound Traffic exchanged in that Wisconsin LATA, and that any ISP-bound Traffic in other Wisconsin LATAs shall be Bill and Keep for the remaining term of this Agreement.

- 2.4.3 Wherever Bill and Keep is the traffic termination arrangement between CARRIER and ILEC, both Parties shall segregate the Bill and Keep traffic from other compensable local traffic either (a) by excluding the Bill and Keep minutes of use from other compensable minutes of use in the monthly billing invoices, or (b) by any other means mutually agreed upon by the Parties.

- 2.5 The Growth Cap and New Market Bill and Keep arrangement applies only to ISP-bound Traffic, and does not include Transit traffic, Optional Calling Area traffic, IntraLATA Interexchange traffic, or InterLATA Interexchange traffic.

2.6 ISP-bound Traffic Rebuttable Presumption

In accordance with Paragraph 79 of the FCC's ISP Compensation Order, LEC and ILEC agree that there is a rebuttable presumption that any of the combined Section 251(b)(5) Traffic and ISP-bound Traffic exchanged between LEC and ILEC exceeding a 3:1 terminating to originating ratio is presumed to be ISP-bound Traffic subject to the compensation and growth cap terms in this Section 2.0. Either party has the right to rebut the 3:1 ISP presumption by identifying the actual ISP-bound Traffic by any means mutually agreed by the Parties, or by any method approved by the applicable regulatory agency, including the Commission. If a Party seeking to rebut the presumption takes appropriate action at the Commission to rebut the presumption within sixty (60) days of receiving notice of ILEC's Offer and the Commission approves such rebuttal, then that rebuttal shall be retroactively applied to the date the Offer became effective. If a Party seeks to rebut the presumption after sixty (60) days of receiving notice of ILEC's Offer and the Commission approves such rebuttal, then that rebuttal shall be applied on a prospective basis as of the date of the Commission approval.

3. Reservation of Rights

3.1 ILEC and CARRIER agree that nothing in this Amendment is meant to affect or determine the appropriate treatment of Voice Over Internet Protocol (VOIP) traffic under this or future Interconnection Agreements. The Parties further agree that this Amendment shall not be construed against either party as a "meeting of the minds" that VOIP traffic is or is not local traffic subject to reciprocal compensation. By entering into the Amendment, both Parties reserve the right to advocate their respective positions before state or federal commissions whether in bilateral complaint dockets, arbitrations under Section 252 of the Act, commission established rulemaking dockets, or before any judicial or legislative body.

4. Miscellaneous

4.1 This Amendment will become effective ten (10) days following the date such Amendment is approved or is deemed to have been approved by the applicable state commission.

4.2 This Amendment is coterminous with the underlying Interconnection Agreement and does not extend the term or change the termination provisions of the underlying Interconnection Agreement.

4.3 EXCEPT AS MODIFIED HEREIN, ALL OTHER TERMS AND CONDITIONS OF THE UNDERLYING INTERCONNECTION AGREEMENT SHALL REMAIN UNCHANGED AND IN FULL FORCE AND EFFECT.

4.4 Every rate, term and condition of this Amendment is legitimately related to the other rates, terms and conditions in this Amendment. Without limiting the general applicability of the foregoing, the change of law provisions of the underlying Interconnection Agreement, including but not limited to the "Intervening Law" or "Change of Law" or "Regulatory Change" section of the General Terms and Conditions of the Interconnection Agreement and as modified in this Amendment, are specifically agreed by the Parties to be legitimately related to, and inextricably intertwined with this the other rates, terms and conditions of this Amendment.

4.5 In entering into this Amendment, the Parties acknowledge and agree that neither Party is waiving any of its rights, remedies or arguments with respect to any orders, decisions, legislation or proceedings and any remands thereof, including but not limited to its rights under the United States Supreme Court's opinion in *Verizon v. FCC, et al*, 535 U.S. 467 (2002); the D.C. Circuit's decision in *United States Telecom Association, et. al v. FCC*, 290 F.3d 415 (D.C. Cir. 2002) ("*USTA decision*"); the FCC's Triennial Review Order, adopted on February 20, 2003, on remand from the *USTA decision* and pursuant to the FCC's Notice of Proposed Rulemaking, *Review of Section 251 Unbundling Obligations of Incumbent Local Exchange Carriers*, CC Docket No. 01-338 (FCC 01-361) (rel. Dec. 20, 2001); the FCC's Order *In the Matter of the Local Competition Provisions of the Telecommunications Act of 1996*, 15 FCC Rcd 1760 (FCC 99-370) (rel. June 2, 2000), in CC Docket 96-98; the FCC's Order on Remand and Report and Order in CC Dockets No. 96-98 and 99-68, 16 FCC Rcd 9151 (2001), (rel. April 27, 2001) ("*ISP Compensation Order*"), which was remanded in *WorldCom, Inc. v. FCC*, 288 F.3d 429 (D.C. Cir. 2002); or the Public Utilities Act of Illinois, which was amended on May 9, 2003 to add Sections 13-408 and 13-409, 220 ILCS 5/13-408 and 13-409, and enacted into law ("*Illinois Law*"). On May 9, 2003, the Public Utilities

Act of Illinois was amended to add Sections 13-408 and 13-409, 220 ILCS 5/13-408 and 13-409, and enacted into law ("Illinois Law"). The Illinois Law establishes a specific method for setting certain UNE rates in Illinois, mandates that the Illinois Commerce Commission ("ICC") apply the method and determine the rates ("ICC Rates"), and expressly deems all interconnection agreements to be amended to contain the ICC Rates immediately upon the ICC's announcement of such adjusted rates, without further action. Rather, in entering into this Amendment, each Party fully reserves all of its rights, remedies and arguments with respect to any decisions, orders or proceedings and the Illinois Law, including but not limited to its right to dispute whether any UNEs and/or UNE combinations identified in the Agreement and this Amendment must be provided under Sections 251(c)(3) and 251(d) of the Act, and under this Agreement. Notwithstanding anything to the contrary in this Agreement and in addition to fully reserving its other rights, SBC Wisconsin reserves its right, to the extent SBC Wisconsin has not already invoked the FCC ISP terminating compensation in Wisconsin and incorporated the rates, terms and conditions of such plan into this Agreement, to exercise its option at any time to adopt on a date specified by SBC Wisconsin the FCC ISP terminating compensation plan, after which date ISP-bound traffic will be subject to the FCC's prescribed terminating compensation rates, and other terms and conditions, and seek conforming modifications to this Agreement. In the event that a state or federal regulatory or legislative body or a court of competent jurisdiction, in any proceeding, finds, rules and/or otherwise orders that any of the UNEs and/or UNE combinations provided for under this Agreement and this Amendment do not meet the necessary and impair standards set forth in Section 251(d)(2) of the Act, the affected provision will be immediately invalidated, modified or stayed as required to effectuate the subject order upon written request of either Party ("Written Notice"). In addition, to the extent this Agreement is in effect in Illinois, the Parties agree that any ICC orders implementing the Illinois Law, including, without limitation, the ICC Rates, shall automatically apply to this Agreement (for the state of Illinois only) as of the effective date of any such order(s) upon Written Notice, and as soon as practical thereafter, SBC Illinois shall begin billing the ICC Rates; provided, however, the Parties acknowledge and agree that no later than sixty (60) days from the Written Notice, the Parties will execute a conforming Amendment to this Agreement so that the Agreement accurately reflects the ICC Rates and SBC Illinois will issue any adjustments, as needed, to reflect that the ICC Rates became effective between the Parties as of the effective date of the applicable ICC order(s). With respect to all other Written Notices hereunder, the Parties shall have sixty (60) days from the Written Notice to attempt to negotiate and arrive at an agreement on the appropriate conforming modifications required to the Agreement. If the Parties are unable to agree upon the conforming modifications required within sixty (60) days from the Written Notice, any disputes between the Parties concerning the interpretations of the actions required or the provisions affected by such order shall be handled under the Dispute Resolution Procedures set forth in this Agreement.

IN WITNESS WHEREOF, this Reciprocal Compensation Amendment for ISP-Bound Traffic and Federal Telecommunications Act Section 251(b)(5) Traffic (Adopting FCC Interim Terminating Compensation Plan) to the Interconnection Agreement was exchanged in triplicate on this _____ day of _____, 2003, by ILEC, signing by and through its duly authorized representative, and CARRIER, signing by and through its duly authorized representative

The E911 Authority may designate a PSAP as primary or secondary, which refers to the order in which calls are directed for answering. Primary PSAPs answer calls; secondary PSAPs receive calls on a transfer basis. PSAPs are public safety agencies such as police, fire, emergency medical, etc., or a common bureau serving a group of such entities.
- 2.34 “Pseudo Automatic Number Identification (pANI) - CAS or Hybrid CAS solutions” or “Emergency Services Routing Key (ESRK) – NCAS solutions is a 10-digit telephone number used to support routing of wireless 911 calls. In either case this number is used to query the ALI database to retrieve the location information for a 911 call.

- 2.35 “Selective Routing” or “SR” means an E911 feature that routes an E911 call from a 911 Selective Routing Switch to the designated Primary PSAP based upon the pANI associated with the originating cell site and/or cell sector.
- 2.36 “Shell Record” means a partial ALI record which requires a dynamic update of the ESRK, Call Back Number, cell site and sector information for a Phase I deployment, and XY location data for a Phase II deployment. A dynamic update to the ALI record is required to be provided by the Carrier’s network prior to forwarding to the appropriate PSAP.
- 2.37 “Wireless Handset” means the wireless equipment used by a wireless end user to originate wireless calls or to receive wireless calls.

- 4.2.7 Carrier shall monitor its 911 circuits for the purpose of determining originating network traffic volumes. If Carrier's traffic volumes warrant that additional circuits are needed to meet the current level of 911 call volumes, and the PSAP approves additional circuits, Carrier shall request additional circuits from **SBC-WISCONSIN**.
- 4.2.8 Carrier will cooperate with **SBC-WISCONSIN** to promptly test all 911 trunks and facilities between Carrier's network and the **SBC-WISCONSIN** 911 Selective Router(s) to assure proper functioning of 911 service. - 5.1 The Parties shall jointly coordinate the provisioning of transport capacity sufficient to route originating 911 calls from the Carrier's MSC to the designated SBC-WISCONSIN 911 Selective Router(s).

6. METHODS AND PRACTICES

- 6.1 With respect to all matters covered by this Appendix, each Party will comply with all of the following to the extent that they apply to E911 Service: (i) all FCC and applicable State Commission rules and regulations, (ii) any requirements imposed by any Governmental Authority other than a Commission, and (iii) the terms and conditions of SBC-WISCONSIN's applicable State Access Services tariff(s).

- 7.1 The terms and conditions of this Appendix represent a negotiated plan for providing E911 Service.
- 7.2 The Parties agree that the E911 Service is provided for the use of the E911 Authority, and recognize the authority of the E911 Authority.

8. BASIS OF COMPENSATION

- 8.1 Carrier shall compensate SBC-13STATE for the elements described in the Pricing Exhibit at the rates set forth in the Pricing Exhibit. The prices shall be considered interim in the states of Arkansas, Connecticut, Indiana, Kansas, Michigan, Missouri, Nevada, Oklahoma, and Texas until a tariff in the State in question has become effective for such elements. In addition, the Parties acknowledge that the allocation of costs between the PSAPs and Carrier are consistent with the ruling set forth in the *Letter from Thomas J. Sugrue, Chief Wireless Telecommunications Bureau, FCC to Marlys R. Revision of the Commission's Rules To Ensure Compatibility with Enhanced 911 Emergency Calling Systems Request of King County, Washington (FCC 02-146), Docket No. 94-102 as aff'd in the Letter from Thomas J. Sugrue, Chief of Wireless Telecommunications Bureau, to Kathleen B. Levitz, BellSouth, re: Responsibility of Costs of E911 Phase II ALI Database Upgrades, CC Docket 94-102. In the event that the cost allocation that is adopted in a particular state differs from the determination made in the *King County Letter*, the Parties agree to true up or true down the rates charged and amounts paid back to the Effective Date. Except as set forth above, in the event **SBC-13STATE** files a new or revised tariff after the Effective Date ("New Tariff") containing rates for one or more of the elements described in the Pricing Exhibit that vary from rates contained in a prior approved tariff or the rates specified in the Pricing Exhibit, or if such New Tariff contains additional or different elements, when the rates or elements in the New Tariff become effective, such rates or elements shall apply to the corresponding elements on a going forward basis from the date the rates in the New Tariff become effective. Finally, the comprehensive and exclusive nature of the Pricing Exhibit does not negate any charges for the 56 kbps Frame Relay Circuit described in Section 4.2, should Carrier elect to purchase such circuit from an **SBC-13STATE** affiliate.

- 8.2 Charges for E911 Service shall begin once the trunks and facilities are installed and successfully tested between Carrier's network and **SBC-WISCONSIN** SR(s).

9. LIABILITY

- 9.1 **SBC-WISCONSIN**'s liability and potential damages, if any, for its gross negligence, recklessness or intentional misconduct, is not limited by any provision of this Appendix. **SBC-WISCONSIN** shall not be liable to Carrier, its End Users or its E911 calling parties or any other parties or persons for any Loss arising out of the provision of E911 Service or any errors, interruptions, defects, failures or malfunctions of E911 Service, including any and all equipment and data processing systems associated therewith. Damages arising out of such

interruptions, defects, failures or malfunctions of the system after Carrier has been notified and has had reasonable time to repair, shall in no event exceed an amount equivalent to any charges made for the service affected for the period following notice from **SBC-WISCONSIN** until service is restored.

9.3 **General Indemnity Rights.** A Party (the “Indemnifying Party”) shall defend and indemnify the other Party, its officers, directors, employees and permitted assignees (collectively, the “Indemnified Party”) and hold such Indemnified Party harmless against:

9.3.1 any claim or loss related to the subject matter of this Appendix alleged by a Customer of the Indemnifying Party unless the claim or loss was caused by the gross negligence or willful misconduct (“Fault”) of the Indemnified Party, its employees, agents or subcontractors; provided, however, that (1) with respect to employees or agents of the Indemnified Party, such Fault occurs while performing within the scope of their employment, (2) with respect to subcontractors of the Indemnified Party, such Fault occurs in the course of performing duties of the subcontractor under its subcontract with the Indemnified Party, and (3) with respect to the Fault of employees or agents of such subcontractor, such Fault occurs while performing within the scope of their employment by the subcontractor with respect to such duties of the subcontractor under the subcontract; and
