PSC to hold Public Hearings on Wisconsin Public Service Corporation Rate Request

MADISON – The Public Service Commission of Wisconsin (PSC) will hold public hearings on Thursday, September 24 in Green Bay and Wausau on Wisconsin Public Service Corporation's (WPSC) request to adjust its electric and natural gas rates. WPSC has requested to increase their electric rates by 4.97 percent and natural gas rates by 3.44 percent.

When a utility requests a change in rates, the PSC conducts a thorough audit of the utility's expenses and revenues. The agency will look at the amount WPSC needs to provide a reliable source of energy to customers, which includes costs of fuel, maintenance, new construction and environmental protection.

Public comments on WPSC's application will be included in the record the Commission will review to make a decision. The Commission has the authority to approve, deny or modify the application. Citizens are encouraged to attend the hearings, which will be broadcast live simultaneously from three locations at the following times:
