## **PSC Authorizes Credits for Alliant Energy Customers**

MADISON –Today, the Public Service Commission of Wisconsin (PSC) approved a credit for Alliant Energy’s electric customers to reflect lower fuel costs.

“In past rate cases, the Commission has taken action to ensure Wisconsin ratepayers receive benefit from the moderation of fuel costs,” said Chairperson Dan Ebert. “The credits authorized today are a signal to customers that the Commission remains diligent in providing rate relief for utility customers.”

In a verbal decision today, the Commission approved a \$3.3 million refund for Alliant Energy’s ratepayers. An average residential customer, using 700 kWh per month, can expect to see a credit of about \$2.50 on an upcoming bill.

A written order which will detail today’s decision will be issued at a later date.
