**Task Force on Global Warming
Work Groups to Provide Status Updates**
*Policy Costs and Benefits, and
Renewable Portfolio Standard to be Discussed*

MADISON – On Thursday, April 17, members of Governor Jim Doyle’s Task Force on Global Warming will meet in Sun Prairie to continue their efforts to address global warming. The Task Force, comprised of a variety of environmental, industry and utility leaders as well as representatives from the DNR and PSC and other stakeholders, has undertaken Governor Doyle’s mission to examine the solutions to global warming in Wisconsin. The April 17 meeting is a continuation of a series of meetings the Task Force is hosting and **the public and media are encouraged to attend**.

Presentations will primarily focus on the Work Groups’ progress since the last meeting, updates on modeling runs of policy scenarios, emission-reduction policies that affect utilities and the Renewable Portfolio Standard. Other policy issues may also be brought before the Task Force and discussed. Please join the Task Force meeting, which is scheduled for:
