## **PSC to hold Public Hearings on ATC's Proposed Dane County Transmission Line**

MADISON – The Public Service Commission of Wisconsin (PSC) will hold public hearings on Tuesday, March 24 and Wednesday, March 25, in Madison on American Transmission Company's (ATC's) application to build a new 345 Kilovolt (kV) transmission line across Dane County from Rockdale to West Middleton.

ATC filed an application with the Commission on October 16, 2007, for approval to construct electric transmission facilities to serve portions of Dane County. The project would be constructed between the proposed Cardinal Substation in the town of Middleton and either ATC's Rockdale Substation in the town of Christiana or a proposed substation in the town of Albion or the town of Dunkirk.

Public comments on ATC's application will be included in the record the Commission will review to make a decision. Citizens are encouraged to attend the public hearings, which are scheduled for:
