1999 Analytical Review DWCCA-1190-ELE

Dear Ms. Dack:

The Public Service Commission (Commission) is in the process of completing an analytical review of your utility's 1999 annual report. The purposes of an analytical review are to detect possible reporting or accounting related errors and to identify significant fluctuations from established trends in reported data not sufficiently explained in the annual report. It is our hope that our review will supply information that will enable us to better provide guidance to your utility regarding proper utility accounting and the preparation of future annual reports. In order to complete this review, we request the following information:

1. During our review, we noted \$65,687 reported in Account 233, Payables to Municipality, Balance Sheet End of Year Account Balances schedule, described as "Long-Term Advance from Municipality." If this amount is not to be repaid in 2000, it should be reclassified to Account 223, Advances from Municipality.
2. Total kWh used for pumping for the year on page W-10, line 26, is reported as only 157. This amount should not be rounded to thousands. The procedure for rounding to thousands on page W-10 applies to gallons pumped and sold. Please provide corrected kWh used in 1999.
3. During our review, we noted 19 services added on the Water Services schedule. Since 19 services were also retired, these appear to be replacements financed by the utility. However, in the future, please explain the financing for any additions to this schedule as requested in the schedule headnote.
4. During our review, we noted 672 services in use reported on the Water Services schedule and 865 customers reported on page W-02. Please confirm that you have a significant number of services with multiple customers per service.

We appreciate your cooperation in providing the above information. These recommendations are intended to provide accounting assistance and should not be construed as criticisms of utility personnel. If you have any questions, please feel free to contact me at (608) 266-3768. Please respond within 30 days of this letter. If it is convenient for you to respond by e-mail, please do so. My e-mail address is engele@psc.state.wi.us. If we have no questions regarding your response, you can consider the review closed.

Sincerely,

---
