2000 Analytical Review DWCCA-5915-PJL

Dear Ms. Volkmann:

The Public Service Commission staff is in the process of completing an analytical review of your utility's 2000 annual report. The purposes of an analytical review are to detect possible reporting or accounting related errors and to identify significant fluctuations from established trends in reported data not sufficiently explained in the annual report. It is our hope that this review will supply information that will enable us to better provide guidance to your utility regarding proper utility accounting and the preparation of future annual reports. In order to complete this review, we request the following information:

During our review, we noted that while the utility's F-1 rate schedule authorizes the amount of \$24,190 for public fire protection service, there is \$62,849 is reported in Account 463 on page W-4 in the 2000 report and \$58,835 in 1999. Please provide a detailed explanation of how those amounts were arrived at.

We appreciate your cooperation in providing the above information. These recommendations are intended to provide accounting assistance and should not be construed as criticisms of utility personnel. If you have any questions, please feel free to contact me at (608) 267-9198. Please respond within 30 days of this letter. We prefer that you respond by e-mail if it is convenient for you to do so.
