2000 Analytical Review DWCCA-90-PJL

Dear Ms. Chester:

The Public Service Commission staff is in the process of completing an analytical review of your utility's 2000 annual report. The purposes of an analytical review are to detect possible reporting or accounting related errors and to identify significant fluctuations from established trends in reported data not sufficiently explained in the annual report. It is our hope that this review will supply information that will enable us to better provide guidance to your utility regarding proper utility accounting and the preparation of future annual reports. In order to complete this review, we request the following information:

1. As directed in the head notes of the Water Operation & Maintenance Expenses schedule on page W-5, please provide an explanation of the change in Account 650, Repairs of Water Plant when compared to the previous year and follow this procedure in the future.
2. As directed in the head notes of the Balance Sheet End-of-Year Account Balances schedule on page F-18, please provide a more detailed description of the \$3,540 reported in Account 233 and follow this procedure in the future. Please also note that anytime there is not enough room for the explanation on the Particulars line, a schedule footnote should be added to provide further room for explanation.
3. During our review, we noted that according to our calculations, the amount the utility reports for public fire protection service billed per Rate Schedule F-1 in Account 463 on the Other Revenues (Water) schedule, page W-4, differs from our calculation by \$718 (see enclosed worksheet). Please provide an explanation of how the utility arrived at the number reported on line 1 of Account 463, Public Fire Protection Service on page W-4 and confirm that you will use our method to calculate the charge in the future.

We appreciate your cooperation in providing the above information. These recommendations are intended to provide accounting assistance and should not be construed as criticisms of utility personnel. If you have any questions, please feel free to contact me at (608) 267-9198. Please respond within 30 days of this letter. We prefer that you respond by e-mail if it is convenient for you to do so. My e-mail address is leegep@psc.state.wi.us. If we have no questions regarding your response, you can consider the review closed.

Sincerely,
