2001 Analytical Review DWCCA-4060-PJL

Dear Ms. Mau:

The Public Service Commission (Commission) staff has completed its analytical review of your utility's 2001 annual report. The primary purpose of the analytical review is to detect possible reporting or accounting related errors and also to identify significant fluctuations from prior years' data that are not sufficiently explained in the annual report. The analytical review did identify the following issues:

1. As directed in the head notes of the Balance Sheet End-Of-Year Account Balances schedule on page F-18, please provide a more detailed description for the \$6,628 reported in Account 145 on page F-18 and follow this procedure in the future.

FINANCIAL SECTION FOOTNOTES

2. As a reminder, please note that in the future the tax equivalent should be zero as set by municipality in the resolution approved and adopted on September 10, 2001.

Responding to the questions posed from the analytical review does not preclude you from possibly receiving other inquiries from our office regarding your annual report in the future: for instance, during a rate case, construction authorization, or other Commission reviews.

We appreciate your cooperation in providing the above information. If you have any questions, please feel free to contact me at (608) 267-9198. Please respond within 30 days of this letter. We prefer that you respond by e-mail if it is convenient for you to do so. My e-mail address is peter.leege@psc.state.wi.us. If we have no questions regarding your response, you can consider the review closed.

Sincerely,
