In response to the PSC's 2002 analytical review for the Village of Amherst:

1) The 82,300 as reported in 434 - Misc Credits to Surplus is indeed a village contribution for utility plant. This should be reclassified to Account 200, Paid in Capital as suggested. The entry to correct this is as follows:

| | | |
|-------------------------------|--------|--------|
| Misc Credits to Surplus (434) | 82,300 | |
| Paid in Capital (200) | | 82,300 |

(To reclassify paid in capital for utility plant into contributed capital account)

2) On page W-15 and W-16 a schedule footnote indicated the additions were financed by special assessments. These special assessments are going to be assessed over 10-years and will be booked by the end of 2003.

I hope this helps, and if you have any further questions feel free to email me.

email of 6/3/03:
Dear Ms. Peterson:

The Public Service Commission (Commission) staff has completed its analytical review of your utility's 2002 annual report. The primary purpose of the analytical review is to detect possible reporting or accounting related errors and also to identify significant fluctuations from prior years' data that are not sufficiently explained in the annual report. The analytical review did identify the following issues:

1. We note in the 2002 PSC Annual Report an entry to Account 434, Miscellaneous Credits to Surplus, described as Contributions from Village in the amount of \$82,300. Typically amounts received from the municipality are for utility plant (mains, services and hydrants) and paid for by the municipality and the amount is to be recorded in Account 200, Paid in Capital. Therefore, please describe the circumstances for the Village contributions. If the contribution is for utility plant, also provide the adjusting entry necessary to correct this item.

2. On Page W-15, 2,827 feet of main is reported added. A schedule footnote indicates the main will be financed by special assessment. Please indicate when these amounts will be booked to Account 271 and also the basis of financing and if deferred, as indicated in the schedule head note 5 b and c. The same would be true for the water service additions reported on Page W-16

Responding to the questions posed from the analytical review does not preclude you from possibly receiving other inquiries from our office regarding your annual report in the future: for instance, during a rate case, construction authorization, or other Commission reviews.

We appreciate your cooperation in providing the above information. If you have any questions, please feel free to contact me at (608) 266-3768. Please respond within 30 days of this letter. We prefer that you respond by e-mail if it is convenient for you to do so. My e-mail address is elaine.engelke@psc.state.wi.us. If we have no questions regarding your response, you can consider the review closed.

Sincerely,
