Dear Mr. Buri,

We are the new audit firm for the Village of Barneveld. We were unaware of the previous correspondence concerning the adjustment to the number of water services. We will file a copy of this correspondence in our files and request that the Village provide us with an accurate count of water services and report any adjustment that is necessary on the 2003 PSC report.

Feel free to contact us for any additional information.

Dear Ms. Walker,

In reviewing your 2002 annual report, it appears that there is no explanation as to why an adjustment of 52 water services (Page W-16) is not included in the report as your May 9, 2002 communication to the Commission indicated it would be. Please explain why it has not been included in the report.

For reference, please see below the pertinent section of your May 9, 2002 communication to the Commission:

"2. In regards to Item #2 Page W-2 Account 321 we have gone through and verified the number of services with multiple customers. The Village does have some of these however, we need to make an adjustment increase of 52 services. This adjustment will show up on next years PSC report."

Thanks for your cooperation in this matter,

Robert Buri
