**RETURN ON RATE BASE COMPUTATION**

1. The data used in calculating rate base are averages.
2. Calculate those averages by summing the first-of-year and the end-of-year figures for each account and then dividing the sum by two.
3. Note: Do not include contributed plant in service, property held for future use, or construction work in progress with utility plant in service. These are not rate base components.

### FULL-TIME EMPLOYEES (FTE)

Use FTE numbers where FTE stands for full-time employees or full-time equivalency. FTE can be computed by using total hours worked/2080 hours for a fiscal year. Estimate to the nearest tenth. If an employee works part time for more than one industry then determine FTE based on estimate of hours worked per industry.

Example: An employee worked 35% of their time on electric jobs, 30% on water jobs, 20% on sewer jobs and 15% on municipal nonutility jobs. The FTE by industry would be .4 for electric, .3 for water and .2 for sewer.

| Industry<br>(a) | FTE<br>(b) |   |

Please explain amounts in Accounts 143, 145 and/or 233 in excess of \$2,000, providing a short list or detail using other than terms such as "other revenues" "general" "miscellaneous" or repeating the account title.

Regarding account #233 - Payables to Municipality - "Village of Pound" The \$88,099 represents monies paid by the Village of Pound for the Pound Water & Sewer Utility. The Water & Sewer Utility does not have the ability to repay this amount to the Water and Sewer Utility and per Trish Shutte, the village clerk, does not intend to repay this amount. However, as Bruce Manthy from the PSC suggested, the delinquent accounts that are transferred to the Village of Pound which are not collectable will be written off against this payable each year. As Bruce mentioned, it will obviously take some time to eliminate this payable, but a little bit each year is better than nothing at all.

Regarding account #143 - Other Accounts Receivable - "Village of Pound-2004 Delinquent Utility Bills Moved to Tax Roll". The delinquent 4th Qtr utility bills in the amount of \$13,401 were moved to the tax roll for collection. The delinquent accounts have been recorded as a receivable by the Pound Water & Sewer Utility anticipating that they will be collected by the Village of Pound and then remitted to the Pound Water & Sewer Utility once collected.

Regarding account #143 - Other Accounts Receivable - "Sewer (Non-regulated)" in the amount of \$22,734 is the December 31, 2004 balance of receivables for sewer services to Pound Water & Sewer customers.
