TO: Telecommunications Providers in Wisconsin

RE: Assessments for Wisconsin's Universal Service Fund: TEACH, UW-System, and DPI BadgerLink, Newslite, Aid to Public Library Systems and Library Service Contracts

The universal service fund (USF) assessments forwarded with this letter are for obligations of telecommunications providers operating in this state to fund programs specifically established by the Wisconsin legislature. As specified in Wis. Stat. § 196.218(5)(a), the USF may be used to fund the Educational Telecommunications Access Program of the Technology for Educational Achievement in Wisconsin (TEACH) initiative, to fund telecommunications services provided to the University of Wisconsin System (UW-System), and to fund the Department of Public Instruction (DPI) BadgerLink, Newslite, state aid to public library systems and library service contracts.

In a delegated decision dated October 12, 2011, the Public Service Commission (PSC) revised the monthly assessment rates for the TEACH, UW-System, and DPI's BadgerLink, Newslite, aid to public library systems and library service contracts.¹ The monthly USF assessment rate for these programs is based on the legislative appropriations for the programs, and reflects retail telecommunications revenues as reported to the PSC by the telecommunications providers.² The billing enclosed with this letter reflects the new assessment rates for these programs. The **monthly assessment rates**, applied to annual revenues, are as follows:

.06071 percent for the TEACH programs
.00377 percent for the UW-System services
.07092 percent for the DPI BadgerLink, Newslite, library service contracts and aid to public library systems

Please note that all providers are allowed to place a surcharge on customer bills to recover costs for all USF contributions. The following statutory provision is in effect for all providers:

196.218(3)(e) A telecommunications provider or other person may establish a surcharge on customers' bills to collect from customers contributions required under this subsection.

¹ Also in its October 12, 2011 delegated decision, the Commission determined a new assessment rate for the PSC USF programs. The assessment for TEACH, UW-System, and DPI BadgerLink, Newslite, library service contracts and aid to public library systems will continue to be billed separately from the PSC USF program assessment and you will receive a separate letter about that assessment.

² The Commission revised the USF assessment methodology to exclude wholesale revenues from assessment in an order dated October 17, 2011. (Docket 05-GF-104)

Instead of placing a surcharge on the bill, a telecommunications utility that provides local exchange service, may adjust rates to recover state USF assessments, but if it does so, it must specifically identify that adjustment on customers' bills. The applicable statute is as follows:

196.218(3)(f) A telecommunications utility that provides local exchange service may make adjustments to local exchange service rates for the purpose of recovering its contributions to the universal service fund required under this subsection. A telecommunications utility that adjusts local exchange service rates for the purpose of recovering such contributions **shall identify** on customer bills a single amount that is the total amount of the adjustment. The Public Service Commission shall provide telecommunications utilities the information necessary to identify such amounts on customer bills.³ (Emphasis added.)

The PSC website provides background and detailed information on bill identification and on the assessment rates at: <http://psc.wi.gov/utilityinfo/tele/usf/usfAssessments.htm>.

Please also note that the first assessment billing under the new rates is on the 17th of October. Starting in November the assessment date will revert back to the 10th of the month.

Thank you for your prompt remittance of billed assessment amounts, and for your cooperation in making universal service programs a success in Wisconsin. Payments for the TEACH, UW-System, and DPI BadgerLink, Newline, library service contracts and aid to public library systems assessments are to a discrete bank account. Please make out checks and forward them as instructed on the billing. Questions on invoices or payments may be directed to Wipfli LLP, at numbers shown on the bill. Other questions on the TEACH, UW-System, and DPI assessments may be directed to me at: (608) 266-8950 or at: Chela.OConnor@Wisconsin.gov.

Sincerely,

Chela B. O'Connor
Manager
Universal Service Fund
