Public Participation Informational Meeting
What you need to know to participate in PSC Proceedings
Madison, Wisconsin
November 7, 2018
Cynthia Smith
Chief Legal Counsel
Public Service Commission of Wisconsin
Objective and Ground Rules

• Learn the general process by which the PSC makes its decisions in contested cases (e.g., construction cases and how you can participate throughout that process)

• Ground Rule #1: The presentation will address process only and there will be no discussion of the specifics or merits of any pending cases before the Commission. References made to past cases are for illustration purposes only.

• Ground Rule #2: Always read the rules and orders applicable to specific proceedings

• Ground Rule #3: The samples are just suggestions, not requirements
Agenda

• Some Basics

• Review of the PSC’s website and Electronic Records Filing (ERF) System

• Participation as Party vs. Member of Public

• Intervenor Compensation

• Our Sample Case for Illustration – Application for construction of high-voltage transmission line
PUBLIC SERVICE COMMISSION
Application Review Process

Get Involved
- Read the Notification
- Attend Meetings
- Verify That You Are On the PSCW and the Applicant’s Mailing Lists
- Review the Application
- Ask Questions of the PSCW, the Applicant, and the DNR
- Submit Comments
- Testify at the Hearing

Find Information
- On the PSCW website http://psc.wi.gov
- In PSCW Letters
- At Applicant and PSCW Public Meetings
- At Local Libraries
- At Local Government and Clerks’ Offices
- Within the Environmental Impact Statement

Public Hearings
A public hearing is held in the project area. Participants provide oral, voice, and written testimony. The testimony presented becomes part of the record used by the Commission in making its decision.

Technical Hearings
PSCW staff and other parties provide testimony and evidence. The testimony presented becomes part of the record used by the Commission in making its decision.

Application Submission
An application is submitted to the PSCW and reviewed for completeness. Copies of the application are distributed to all city, town, and village clerks in the project area, and to the public libraries in the affected counties.

PSCW Public Notification Letter
Letter notifies property owners, government officials, libraries, media, and other interested individuals that the review process is beginning.

PSCW Scoping Sessions in the Project Area
Attend any PSCW sessions held to obtain public input regarding the project and its environmental impacts.

Draft Environmental Impact Statement (EIS) Prepared
Request a copy of the draft EIS or review it at local clerk offices, public libraries, or from the PSCW website.

Draft EIS Comment Period
Comment on the draft EIS during the 45-day comment period.

Final EIS Prepared
The PSCW completes a final EIS considering public comments and additional analyses. Request a copy or examine it at local clerk offices, public libraries, or from the PSCW website.

Public Service Commission Decision
The Commission makes a final decision to approve, modify, or deny the project. Commission meetings are open to the public for observation.

Public Service Commission Issues an Order
The Commission’s decision is described in a written order to the applicant.

The applicant must obtain federal and state permits prior to beginning construction of any project approved by the Commission.
Some Basics

Administrative Agencies

• Administrative Agencies only have those powers which the Legislature grants or which can be implied by the statutes (enabling statutes) under which it operates

• Enabling statutes are strictly construed
Some Basics
Wisconsin’s Administrative Procedures Act

• Wis. Stat. ch. 227
  - Rulemaking Process, Wis. Stats. §§ 227.17 -227.30
  - Declaratory Judgment Proceedings, Wis. Stats. §§ 227.40 – 227.41

• Contested Cases, Wis. Stats. §§ 227.44 – 227.60
Some Basics - Contested Cases

• What is a contested case?
  - Defined in Wis. Stat. § 227.01(3) as:
    “an agency proceeding in which the assertion by one party of any substantial interest is denied or controverted by another party and in which, after a hearing required by law, a substantial interest of a party is determined or adversely affected by a decision or order.”

• There are 3 classes of contested cases
Some Basics - Contested Cases

• Class 1 proceeding
  - a proceeding in which an agency acts under standards conferring substantial discretionary authority upon it

• Class 2 proceeding
  - a proceeding in which an agency determines whether to impose a sanction or penalty against a party (e.g. suspension, revocation, refusal to issue license)

• Class 3 proceeding
  - not either a Class 1 or Class 2
Some Basics - Contested Cases

• Hearings
  - Conducted by agency or hearing examiner
  - Prehearing conference, Wis. Stat. § 227.44(4)(a)
  - Prehearing conference memorandum, Wis. Stat. § 227.44(4)(b)
  - Transcript of hearings required, Wis. Stat. § 227.44(8)

• Evidentiary record
  - Factual basis of decision must be based solely on the evidence and matters officially noticed.
  Wis. Stat. § 227.44(9)
Some Basics - Contested Cases

• Prohibitions on Ex Parte Communications, Wis. Stat. § 227.50
  • Type of communications precluded: relative to the merits, threat, offer of reward
  • Timing: Before decision is rendered and until the time period for filing an appeal has passed
  • Persons prohibited from receiving an ex parte communication:
    - The hearing examiner
    - Any official or employee of the agency who is involved in the decision-making process.
• Persons prohibited from making an ex parte communication:
  - Agency official
  - Other public employee “engaged in the prosecution or advocacy in connection with the matter under consideration or a factually related matter”
  - A party or its agent to the contested case proceeding
  - A person or their agent who directly or indirectly would have a substantial interest in the proposed agency action
Some Basics - Contested Cases

• Decisions, Wis. Stat. § 227.47
  - In writing
  - Statement of Facts
  - Conclusions of Law
  - Identification of the Parties and persons who appeared before the agency

• Signed, filed and served, Wis. Stat. § 227.48
  Wis. Stat. § 196.40 allows PSC to serve via email
Some Basics – PSC’s compliance with ch. 227

• Docket – Wis. Admin. Code § PSC 2.02(7)

• Investigation, Proceeding or other matter opened by vote of the Commission

• Proceeding: A contested case or other docket that has a hearing. Wis. Stat. § 227.01(3) and Wis. Admin. Code § PSC 2.02(13)
Some Basics – PSC compliance with ch. 227

• Ex Parte
  • Timing: The filing of the Notice of Proceeding for a contested case triggers ex parte, but PSC in practice starts this process sooner in most cases (minimum of 90 days before application is filed with the PSC)

• Persons prohibited from receiving an ex parte communication: Commissioners and hearing examiner only (2013 Wisconsin Act 28)

• Persons prohibited from making ex parte communications: all parties, any other interested person. Excludes PSC staff who are advisory only.
Some Basics – PSC application of ch. 227

- **Wis. Admin. Code ch. PSC 2 – Procedure and Practice**

- **Guidelines for Contested Case Proceedings**
  - Case specific!! Incorporated as part of prehearing conference memorandum or scheduling order. ALWAYS read the guidelines established for that particular proceeding. All parties to proceeding must comply with these guidelines.

Tracking Cases

• At the beginning of a case, our records management assigns a case number, or “docket number.”
• There are 3 parts to a docket number
• XXXX-XX-XXX
• First number is the Utility Identification number, assigned alphabetically to each utility. Eg. ATC (137), NSPW (4220), More than one Utility (5)
Tracking Cases

• XXXX-XX-XXX

• Second number is the docket type, a two letter designation to identify the type of docket. Commonly used include: FR (fuel rates); UR (utility rates); WR (water rates); CE (construction-electric); SB (stocks/bonds); GF (other case/general)

• Third number is a sequential designation, by utility and docket type that starts at 100. For certain dockets that are opened on annual basis, last number may denote year (xxxx-xx-2018)
Tracking Cases

• ERF allows easy computer access to information about pending dockets and ability to subscribe to cases to receive automatic updates anytime something is filed in case and to subscribe to the calendar to receive calendar invites to activities in the case

• Go to psc.wi.gov and click on the E-Services portal on the top of the homepage

Regulatory Processes
Since 1907, the Public Service Commission (PSC) has been responsible for the regulation of Wisconsin public utilities, including those that are municipally owned.

Who we regulate
Types of utilities regulated include electric, natural gas, water, combined water and sewer utilities and certain aspects of local telephone service. More than 1,100 utilities are under the agency’s jurisdiction. Most of these must obtain PSC approval before:
- Setting new rates
- Issuing stocks or bonds
- Undertaking major construction projects such as power plants, water wells, and transmission lines.

What we do
The PSC works to ensure that, in the absence of competition, adequate and reasonably priced service is provided to utility customers. PSC approval is required before utilities can change rates or build large power plant and major transmission lines. The PSC has specific rules it must follow prior to making decisions during the Application Review Process.

How we are structured
The PSC is composed of three full-time Commissioners that have oversight of all PSC staff related activities. PSC staff consists of auditors, accountants, engineers, rate analysts, attorneys, planners, research analysts, economists, consumer analysts, consumer specialists, court reporters and paraprofessional and administrative support personnel. These experts work in an advisory role to the Commissioners.

Our federal counterparts
The PSC has sole jurisdiction for utility regulation on the state level, but several agencies on the federal level perform parallel regulatory functions. These include the Federal Communications Commission, the Federal Energy Regulatory Commission, the Nuclear Regulatory Commission, and the Department of Energy.

All divisions represent the PSC on state and national committees requiring staff expertise on utility matters.

• Parties must comply with all procedural and filing requirements, including but not limited to Guidelines for Contested Case Proceedings

• Parties are subject to discovery

• Any witnesses offered by parties are subject to cross-examination

• Parties are eligible for intervenor compensation
Becoming a Party, or Not?

• Members of the public can participate without becoming a party
  - Mailing written comments
  - Testifying at hearing or submitting written comment at hearing
  - Making comment through PSC’s website
  - PSC staff not a party but actively participates

Wis. Admin. Code § PSC 2.03, Role of commission staff “(1) Except as provided in sub. (2), members of commission staff appear neither in support of nor in opposition to any cause, but solely to discover and present, if necessary, information pertinent to the docket”
A person shall limit a public comment to non-technical personal knowledge or personal opinion. A person may include references to other materials in a comment, but may not include as part of a comment, any document not written or substantially modified by that person. The Commission shall only accept documents that a person offers to supplement a comment for the purpose of showing the basis of an opinion, not for proof of the matter asserted. Parties may object to the receipt of a public comment.
Intervenor Compensation

In 1983, the Legislature created the Intervenor Compensation program to provide financial assistance for organizations and individuals who choose to become an intervenor for a Commission proceeding. Each year, the Commission awards a number of different organizations and individuals with finances to help them participate in cases.

The Wisconsin Administrative Code sets the criteria used to evaluate applicants' need for funding. Anyone interested in applying for intervenor compensation can do so by reviewing the information below and completing an application. If you have questions about the Intervenor Compensation program, please contact Jenna Schmidt at 608-267-7709 or JennaZ.Schmidt@wisconsin.gov.

Application Information and Form

- PSC Chapter 3 Intervenor Compensation
- Intervenor Compensation Application Form
Intervenor Compensation

- Wis. Stat. § 196.31(1)
  - In any proceeding before the commission, the commission shall compensate any participant in the proceeding who is not a public utility, for some or all of the reasonable costs of participation in the proceeding if the commission finds that:
    
    (a) The participation is necessary to provide for the record an adequate presentation of a significant position in which the participant has a substantial interest, and that an adequate presentation would not occur without a grant of compensation; or
    
    (b) The participation has provided a significant contribution to the record and has caused a significant financial hardship to the participant.

- Wis. Admin. Code ch. PSC 3
Intervenor Compensation

• Eligibility – PSC 3.02
  • A customer of the utility which is the subject of the proceeding; or someone who may be materially affected by the outcome of the proceeding.
  • Someone for whom intervention in the proceeding would cause significant financial hardship without compensation.
  • Someone who represents an interest material to the proceeding which but for an award of compensation would not be adequately represented.
  • Someone whose interest must be represented for a fair determination in the proceeding.
  • Someone who has been granted party status and who will participate in the proceeding as a party.
Intervenor Compensation

• Compensable Costs – PSC 3.04
  • Attorney Fees
  • Expert Witness Fees
