This program can help low-income customers reduce their telephone bills. **Lifeline** makes telephone service more affordable for income-eligible households by reducing the basic monthly charge for one telephone line.

### How Much Can I Save Per Month?

**Lifeline** will generally reduce the cost of monthly telephone service for eligible households by $10.00. If the cost of monthly traditional telephone service is more than $25.00, a credit will be issued so that the monthly charge is no more than $15 for a basic residential line, 120 local calls, 911 costs and the Federal Subscriber Line Charge (SLC).

**Lifeline** customers who choose a pre-paid wireless service will receive a set number of minutes each month (at no charge) equivalent to the $10.00 credit on landline services. Additional charges will apply if you have higher usage.

### How Do I Apply?

First, contact your telephone service provider and ask to apply for **Lifeline** assistance for Wisconsin residents. The service provider will need to verify that you are eligible.

If you are currently receiving benefits from one of the programs listed in this brochure, but your **Lifeline** application was denied, contact your case worker or county benefits specialist.

**NOTE:** If you getting a **Lifeline** service from one provider, you cannot also get Lifeline from another provider. For instance, if you have a **Lifeline** service in your home, you are not eligible to also get a **Lifeline** supported pre-paid wireless service.
