

## Grant Applications Approved on March 19, 2020

The grant applications approved today are:

1. **24-7 Telcom, Inc.** County Road J & Solar Farm project - \$273,300. This project will build a Fiber-To-The-Premises service past 1 business and 84 residences along County Road J south of 490th Avenue and west of 730th Street, in the Town of Red Cedar in Dunn County.
2. **24-7 Telcom, Inc.** Town of Sherman fiber project a/k/a Pheasant Crossing fiber project - \$680,000. This project will build a Fiber-To-The-Premises service past 199 business and 223 residences in the Towns of Menomonie and Sherman, west of the Red Cedar River, in Dunn County.
3. **24-7 Telcom, Inc.** Town of Wheaton project - \$79,500. This project will build a Fiber to the Premises service past 30 residential locations in the Town of Wheaton, in Chippewa County.
4. **AirFiber, Inc.** Douglas County fixed wireless project - \$140,000. This project will build 1 wireless tower west of Amnicon Falls and Highway 53, in Douglas County. The fixed wireless service will reach 45 businesses and 2,456 residential locations within the footprint of the antennas.
5. **Amery Telcom, Inc.** Town of Cylon project - \$82,250. This project will build a Fiber to the Premises service past 5 business and 89 residential locations in the Town of Cylon, near Deer Park, in St. Croix County.
6. **Amery Telcom, Inc.** Town of Lincoln project - \$81,000. This project will build a Fiber to the Premises service past 5 business and 97 residential locations along 110th Street and 115th Street, in the Town of Lincoln, just west of Amery, in Polk County.
7. **Amherst Telephone Company.** Towns of Buena Vista & Dayton project - \$478,985. This project will build a Fiber to the Premises service past 5 business and 306 residential locations in two areas - along Highway 54 in the Town of Buena Vista in Portage County, and along Stratton Lake Road in the Town of Dayton in Waupaca County.
8. **Hager Telecom dba BEVCOMM.** Diamond Bluff Phase III project - \$444,211. This project will build a Fiber to the Premises service past 10 business and 201 residential locations in the Town of Diamond Bluff in Pierce County. This is the third and final phase of a FTTP build out in the Diamond Bluff township.
9. **Bloomer Telephone Company.** Town of Colfax project - \$608,538. This project will build a Fiber to the Premises service past 2 business and 255 residential locations in the Town of Colfax in Dunn County.
10. **Bruce Telephone Company.** Chippewa Avenue project - \$36,307. This project will build a Fiber-to-the-Premises service past 1 business and 36 residences along Chippewa Avenue, near Marsh Lake, in the Town of Washington on the south side of Rusk County, and about 4 miles south of Bruce, WI.
11. **Bug Tussel Wireless.** Kewaunee County fixed wireless project - \$960,000. This project will build 7 wireless towers in Kewaunee County. The project will install 4 Cambrium 5 GHz antennas and 4 CBRS antennas (3.55 - 3.8 GHz) on each tower. The fixed wireless service will reach 199 business and 12,115 residential locations within the footprint of the antennas.

12. **Bug Tussel Wireless.** Menominee County fixed wireless project - \$756,000. This project will build 5 wireless towers in Menominee County. The project will install 4 Cambrium 5 GHz antennas and 4 CBRS antennas (3.55 - 3.8 GHz) on each tower. The fixed wireless service will reach 50 business and 859 residential locations within the footprint of the antennas.
13. **Hilbert Communications, LLC.** Green County fiber route - \$1,000,371. This project will build a 51.5-mile fiber route from Blanchardville to New Glarus to Monroe to Brodhead. This route is part of a larger plan for a fiber ring in Green County that would support service to 3,379 business and 36,929 residential locations if both phases are built.
14. **Hilbert Communications, LLC.** Iowa County fiber route - \$732,310. This project will build a 38-mile fiber route from Spring Green in Sauk County, south to Dodgeville, and southeast to Blanchardville. This route is part of a larger plan for a fiber ring in Iowa County that would support service to 2,343 business and 23,576 residential locations if all phases are built.
15. **CenturyTel of Wisconsin, LLC d/b/a CenturyLink.** Boma Coulee project - \$35,676. This project will build a Fiber to the Premises service past 8 business and 59 residential locations in the Boma Coulee area, adjacent to Highway 33 in the Town of Shelby, in La Crosse County.
16. **CenturyTel of Northern Wisconsin, LLC d/b/a CenturyLink.** Town of Boulder Junction fiber project - \$1,624,094. This project will build a Fiber to the Premises service past 85 business and 660 residential locations in the Boulder Junction telephone exchange in Vilas County.
17. **CenturyTel of Midwest Wisconsin, LLC-Northwest d/b/a CenturyLink.** Tomah Veterans Hospital project - \$11,010. This project will place a new DSLAM to upgrade the DSL service available at locations in and near the Veterans Hospital campus in Tomah. The project will upgrade the service for 14 business and 106 residential locations.
18. **Charter Communications.** Town of Anson project - \$49,000. This project will build a cable internet service along 109th Avenue (Old Abe Village subdivision) in the Town of Anson in Chippewa County. The project will build past 60 residential locations.
19. **Charter Communications.** Town of Belgium project - \$8,658. This project will build a cable internet service along County Road D, east of Belgium in the Town of Belgium in Ozaukee County. The project will build past 13 residential locations.
20. **Charter Communications.** Village of Fairwater project - \$76,744. This project will build a cable internet service in the Village of Fairwater, south of Ripon in Fond du Lac County. The project will build past 181 residential locations.
21. **Charter Communications.** Town of Jackson project - \$54,716. This project will build a cable internet service in a subdivision along Strawberry Glen Road, just north of Highway 60 in the Town of Jackson near the east boundary of Washington County. The project will build past 42 residential locations.
22. **Charter Communications.** Towns of Lincoln and Washington project - \$133,645. This project will build a cable internet service in two areas in Vilas County. The first area is in the Town of Lincoln northeast of Eagle River. The second area is near Deerskin Lake in the Town of Washington. The project will build past 15 business and 695 residential locations.

23. **Charter Communications.** Village of Marquette project - \$341,461. This project will build a cable internet service in the Village of Marquette, in Green Lake County. The project will build past 145 residential locations.
24. **Charter Communications.** Village of Randolph project - \$104,034. This project will build a cable internet service in the Village of Randolph, in Columbia and Dodge Counties. The project will build past 81 business and 694 residential locations.
25. **Charter Communications.** Town of Sturgeon Bay project - \$188,044. This project will build a cable internet service along South Lake Michigan Drive, in the Town of Sturgeon Bay in Door County. The project will build past 114 residential locations.
26. **Charter Communications.** Town of Woodruff project - \$16,500. This project will build a cable internet service in a subdivision west of Highway 47 at Walter Drive, in the Town of Woodruff in Oneida County. The project will build past 76 residential locations.
27. **Chibardun Telephone Cooperative.** Highway T project - \$71,163. This project will build a Fiber to the Premises service past 7 business and 23 residential locations adjacent to Highway T in the Towns of Barron and Clinton, west of the City of Barron, in Barron County. This project builds on the FY 2017 Chibardun Town of Clinton project.
28. **Chibardun Telephone Cooperative.** Tuscobia project - \$123,423. This project will build a Fiber to the Premises service past 8 business and 52 residential locations along County Road SS north of Rice Lake, in the Towns of Rice Lake and Oak Grove in Barron County. This project builds on the FY 2019 Chibardun Lake Desair project.
29. **Clear Lake Telephone Company.** Village of Clear Lake - \$350,000. This project will build a Fiber-to-the Premises (FTTP) service past 59 business and 448 residential locations in the Village of Clear Lake in southeast Polk County.
30. **Door County Broadband, LLC.** Town of Nasewaupsee fixed wireless project - \$65,282. This project will build one new broadband tower located in the Town of Nasewaupsee in Door County. The project will equip the new tower and an existing structure (silo) with fixed wireless antennas. The fixed wireless service will reach 50 businesses and 1,008 residential locations within the footprint of the antennas.
31. **e-vergent.com, LLC.** Village of Yorkville fiber project - \$248,458. This project will build a Fiber to the Premises service past 126 residential locations in the Villages of Raymond and Yorkville in Racine County.
32. **Edge Broadband.** Lake Lorraine area fiber project - \$283,467. This project will build a Fiber to the Premises service past 61 business and 606 residential locations in the Towns of Richmond and Sugar Creek in Walworth County.
33. **Forest County.** Forest County fiber and fixed wireless project - \$939,200. This project will build and equip 17 wireless transmission tower sites in Forest County. The project will also build an 11-mile Fiber to the Premises service along roads adjacent to Metonga Lake south of Crandon. The combined project will build past 100 business and 1,695 residential locations.
34. **City of Janesville.** City of Janesville Phase I fiber project - \$114,230. This project will extend a WIN fiber route to three commercial locations within Janesville.

35. **Lakeland Communications.** Town of Eureka Phase III project - \$153,100. This project will build a Fiber to the Premises service past 4 business and 79 residential locations in the Town of Eureka in Polk County.
36. **Lakeland Communications.** Town of Eureka Phase IV - \$187,825. This project will build a Fiber to the Premises service past 94 residential locations in the Town of Eureka, in Polk County.
37. **Lakeland Communications.** Town of St Croix Falls (Deer Lake) project - \$41,850. This project will build a Fiber to the Premises service past 21 residential locations near Deer Lake, in the Town of St Croix Falls in Polk County.
38. **LaValle Telephone Cooperative.** Rockbridge Phase II project - \$399,000. This project will build a Fiber to the Premises service past 10 business and 165 residential locations along 3 county roads near Highway 80, in the Town of Rockbridge in Richland County. The project builds on the FY 2019 LaValle Telephone Coop Rockbridge Phase I project.
39. **LaValle Telephone Cooperative.** Highway 58 fiber project - \$290,000. This project will build a Fiber to the Premises service past 10 business and 116 residential locations in the Towns of Ithaca and Willow in Richland County, along Highway 58 east of Richland Center between Highway 14 and Highway K.
40. **Marquette-Adams Telephone Cooperative, Inc.** Town of Marcellon project - \$193,689. This project will build a Fiber to the Premises service past 2 business and 133 residential locations along Highway 33 between Highway 22 and County Road EF in Columbia County.
41. **Marquette-Adams Telephone Cooperative, Inc.** Town of Newport fiber project - \$172,801. This project will build a Fiber to the Premises service past 1 business and 120 residential locations near the intersection of Highway 16 and County Road O southeast of Wisconsin Dells, in the Town of Newport in Columbia County.
42. **Marquette-Adams Telephone Cooperative, Inc.** Newton fiber project - \$116,808. This project will build a Fiber to the Premises service past 2 business and 60 residential locations near the intersection of County Roads E and B in the Town of Newton in Marquette County.
43. **Mediacom LLC.** Crawford County cable project - \$256,685. This project will build a hybrid fiber-coax cable internet service in three communities in Crawford County: Eastman, Mount Sterling, and Seneca. The cable service will build past 27 business and 235 residential locations.
44. **Nelson Communications Cooperative dba Ntec.** Gehrke Road fiber project - \$12,500. This project will build a Fiber to the Premises service past 3 farms and 1 residential location along Gehrke Road, off of Highway 37 northeast of Alma.
45. **Northern Telephone & Data Corp.** EAA Grounds project - \$199,782. This project will build a Fiber to the Premises service past 200 business and 44 residential locations near Wittman Airport in Oshkosh, just east of the intersection of Highways 41 and 44.
46. **Chequamegon Communications Cooperative, Inc. d/b/a Norvado.** Highway 13 project - \$392,000. This project will build a 40-mile fiber route from Highbridge, in Ashland County, to Park Falls, in Price County. This route will connect CCCI services areas, and will permit Norvado to lease dark fiber to WIN and Astrea.

47. **Norvado, Inc.** Town of Cloverland project - \$443,000. This project will build a Fiber to the Premises service past 6 businesses and 55 residences in the Town of Cloverland between the Bruhle River and the west boundary of the town.
48. **Brown County C-LEC, LLC d/b/a Nsight Telservices.** Village of Egg Harbor Wi-Fi project - \$48,960. This project will connect existing fiber service to Mesh Wi-Fi equipment on poles in the downtown area of Egg Harbor. This will enable the Village of Egg Harbor to provide a free Wi-Fi service to the public, including residents, seasonal residents, tourists and boaters.
49. **Brown County C-LEC, LLC d/b/a Nsight Telservices.** Lincoln & Langlade Counties fixed wireless project - \$358,205. This project will install fixed wireless equipment on five towers located in the communities of Tomahawk, Irma, Merrill, Gleason, and Parrish. There are 1,258 business and 13,056 residents within the footprint of the antennas.
50. **Ntera, LLC.** Towns of Arthur and Estella fiber project - \$397,641. This project will build a Fiber to the Premises service past 7 business and 178 residential locations along Highway 27 and County Road S in the Towns of Arthur and Estella in Chippewa County.
51. **Ntera, LLC.** Cranberry Lake fiber project - \$63,117. This project will build a Fiber to the Premises service past 7 business and 178 residential locations in three project areas near Holcombe, in the Town of Birch Creek in Chippewa County. These areas build off the FY 2019 Ntera Town of Birch Creek project.
52. **Ntera, LLC.** Village of Sheldon fiber project - \$238,660. This project will build a Fiber to the Premises service in two project areas north of Holcombe: along County Road D to the Village of Sheldon, and along Highway 27 and Oak Ridge Road. The project will pass 13 business and 156 residential locations.
53. **Oconto County Economic Development Corporation.** Bertram Communications Phase II fixed wireless project - \$182,058. This project will build and equip two wireless towers located in the Towns of Spruce and Mountain in Oconto County. The fixed wireless service will reach 18 business and 301 residential locations within the footprint of the antennas.
54. **Village of Orfordville.** Orfordville fiber project - \$303,224. This project will build a Fiber to the Premises service throughout the Village of Orfordville, passing 30 business and 550 residential locations.
55. **Price County Telephone Company.** Prentice telephone exchange fiber project - \$950,000. This project will build a Fiber to the Premises service past 27 business and 566 residential locations in the Prentice telephone exchange.
56. **Red Cliff Band of Lake Superior Chippewa Indians.** Red Cliff fiber route - \$107,698. This project will build a 2.5-mile fiber route between the City of Bayfield and Red Cliff, providing improved Fiber-To-The-Premises (FTTP) service to 36 business and 704 residential locations in the Red Cliff Tribal Lands.
57. **Reedsburg Utility Commission.** Town of Excelsior fiber project - \$173,000. This project will build a Fiber to the Premises service past 2 business and 70 residential locations near Terrytown Road, northeast of Rock Springs in the Town of Excelsior in Sauk County.

58. **Reedsburg Utility Commission.** River Valley Phase II project - \$542,500. This project will build a Fiber to the Premises service past 15 business and 290 residential locations in the Town of Spring Green, west of the City of Spring Green.
59. **Reedsburg Utility Commission.** Reedsburg Road fiber project - \$182,500. This project will build a Fiber to the Premises service past 2 business and 232 residential locations near Reedsburg Road just west of the Ho-Chunk casino in the Town of Delton in Sauk County.
60. **Richland-Grant Telephone Cooperative, Inc.** Highway 80 fiber project - \$405,000. This project will build a Fiber to the Premises service past 10 business and 140 residential locations in Richland County. The project will bury fiber along Highway 80, along Highway 60 from Muscoda and Orion to County Road E, and north on County Road E to Basswood.
61. **SCLCOEDC.** Sawyer County fiber route - \$41,400. This project will build a 3-mile fiber route from Highway 63 at Seely WI along County Road OO to the American Birkebener facility. The project will build past 3 business and 13 residential locations.
62. **Siren Telephone Company.** Hayden Road fiber project - \$152,447. This project will build a Fiber to the Premises service along Hayden Road and E Yellow River Road, in the Town of Oakland in Burnett County. The project will build past 89 residential locations.
63. **Starwire Technologies.** Clam Falls Phase II project (South) - \$300,566. This project will build a Fiber to the Premises service in the Town of Clam Falls in Polk County along roads south of the FY 2019 Clam Falls project. The project will build past 11 business and 103 residential locations.
64. **Midway Telephone Company, LLC d/b/a TDS Telecom.** Stetsonville telephone exchange fiber project - \$265,460. This project will build a Fiber to the Premises service in the Village of Stetsonville and adjacent rural area, in Taylor County. The project will build past 26 business and 303 residential locations.
65. **Mosinee Telephone Company.** Mosinee telephone exchange project - \$1,058,610. This project will build 21.85 miles of new fiber to 34 service nodes in TDS Mosinee telephone exchange. The project will upgrade the DSL service for 92 businesses and 1,140 residential locations.
66. **Tech Com, Inc. d/b/a Genuine Telecom.** Richland County fiber project - \$228,000. This project will build a Fiber to the Premises service along several roads outside of Richland Center, in Richland County. The project will build past 10 business and 112 residential locations.
67. **Union Telephone Company.** Towns of Hancock & Colburn fiber project - \$598,805. This project will build a Fiber to the Premises service past 5 business and 235 residential locations in the Towns of Hancock and Colburn, in Waushara and Adams County.
68. **US Internet.** Light the Lake fiber project - \$2,250,000. This project will build a Fiber to the Premises service past 2,620 locations in the Towns of Poygan and Winneconne, in Winnebago County.
69. **Vernon Communications Cooperative.** Village of De Soto fiber project - \$129,525. Vernon Communications Cooperative will build a Fiber to the Premises service past 40 business and 100 residential locations in the Village of De Soto and south along Highway 35 in Vernon County.
70. **Vernon Communications Cooperative.** Rural Vernon County Broadband Phase 4 - \$472,600. This project will build a Fiber to the Premises service past 58 business and 265 residential locations in Vernon County.

71. **Wittenberg Telephone Company, Inc.** Bowler, Stockbridge-Munsee fiber project, Phase 1 - \$457,508. Wittenberg Telephone Company, Inc. will build Fiber to the Premises service past 25 business and 200 residential locations on the Stockbridge-Munsee Tribal land and in the Village of Bowler.
72. **Wittenberg Telephone Company.** Marathon City fiber and fixed wireless project - \$36,902. This project will build a combination of Fiber to the Premises and fixed wireless internet services past 2 business and 22 residential locations near Marathon City, in Marathon County.
