

Summary Report

FY 2017 State Broadband Expansion Grant

ID#	Grantee (Project)	Project Description	Status	Award	Match
Projects: 17			Open: 0	\$1,500,000.00	\$2,273,624.73
26	24-7 Telcom (Town of Red Cedar)	This project will build fiber to the premises service in the vicinity of the Village of Rusk, adjacent to I-94, just east of City of Menomonie in Dunn County.	Closed	\$67,500.00	\$67,500.00
27	Amherst Telephone Company (Town of Hull, Phase I)	This project will build a fiber to the home service in rural Portage County, northeast of Stevens Point. The 16-mile fiber route will build past 167 residential and business locations in three townships: Hull, Dewey, and Sharon.	Closed	\$150,000.00	\$382,921.00
28	CenturyLink (Berry Lake)	This project will build an 8.37-mile fiber route in Oconto County to support an upgraded dsl service in the vicinity of Berry Lake.	Closed	\$134,625.00	\$134,625.00
29	CenturyLink (Big Top Chautauqua)	This project will build a fiber route along Ski Hill Road in Bayfield County. The route will provide 1 Gbps to the Ski Hill and Big Top sites. This level of service will support the business operations of both enterprises, and also provide support for a Wi-Fi service for approximately 48,000 guests annually. The project would also locate a DSL service node along Ski Hill Road.	Closed	\$25,000.00	\$32,000.00
30	CenturyLink (Hickory Park)	This project will build a 2.4-mile fiber route in the Peshtigo Industrial Park in the City of Peshtigo. The route will pass 58 business and 98 residential locations in the project area.	Closed	\$10,000.00	\$30,000.00
31	CenturyLink (City of Peshtigo)	This project will update the electronics at the Hickory Park subdivision, south of Eau Claire in Eau Claire County.	Closed	\$39,900.00	\$93,100.00
32	Chibardun Telephone Cooperative (Town of Clinton)	This project will build fiber to the home service in the Town of Clinton in Barron County, just north of Poskin. The route will build past 13 farms and 1 business location.	Closed	\$38,477.00	\$42,000.00
33	ChoiceTel (Town of Land O' Lakes, Phase 2)	This project will build a 50-mile fiber to the home service in the Town of Land O'Lakes in Vilas County. This project would connect as many as 850 business and residential locations in Land O'Lakes.	Closed	\$131,475.10	\$131,475.10
34	Ethoplex (Town of Oconomowoc)	This project will build a fixed wireless service to serve 21 locations along Highlander Road in the Town of Oconomowoc in Waukesha County. The fixed wireless service will reach an additional 50 business and residential locations within the footprint of the service.	Closed	\$7,886.00	\$8,208.00

ID#	Grantee (Project)	Project Description	Status	Award	Match
35	Frontier Communications (Town of Weston)	This project will build a 10-mile fiber route, upgrade the existing dsl service at three remote terminals, and install one new terminal in a housing subdivision southeast of Wausau in the Town of Weston.	Closed	\$201,750.00	\$301,750.00
36	BEVCOMM (Town of Diamond Bluff, Phase I)	This project will build a 1.24-mile fiber route to connect 35 residential locations in the Town of Diamond Bluff in Pierce County.	Closed	\$43,775.60	\$65,663.40
37	Iron County Resource Development Association (Iron County, Phase II)	This project will expand the fixed wireless service that GogebicRange.net provides in Iron County. The applicants propose to place GogebicRange.net's fixed wireless equipment on four additional antenna locations. There are 1,743 business and residential locations within the footprint of the proposed fixed wireless service.	Closed	\$79,101.30	\$80,101.30
38	Lafayette Development Corporation (Lafayette County)	This project will build a fixed wireless internet service in Lafayette County.	Closed	\$86,084.00	\$344,336.00
39	MHTC (City of Dodgeville)	This project will build a fiber route through a business park on the east side of Dodgeville.	Closed	\$55,360.00	\$83,040.00
40	Oneida County Economic Development Corporation (Oneida County, Phase II)	This project will build an expansion of the existing fixed wireless service in the northern portion of Oneida County. The project will install service on three existing and four new communications towers at an advertised speed of 25 Mbps down. The footprint of these tower is approximately 310 sq miles, reaching 7,957 local residences and businesses.	Closed	\$180,566.00	\$222,670.00
41	TDS Telecom (Town of Berry)	This project will build a dsl service in rural Dane County, northeast of the Village of Black Earth. TDS would provide dsl service to 166 households in the Town of Berry.	Closed	\$156,500.00	\$156,500.00
42	Wittenberg Telephone Company DBA Wittenberg Wireless LLC (White Lake)	This project will build fiber to the home service in the Village of White Lake in Langlade County. Wittenberg expects to connect about 100 businesses and residences to its fiber service.	Closed	\$92,000	\$97,734.93
