Portions of the map in white represent areas where no electric service or service territory may have been extended. This map should be viewed as approximate and contains no guarantee of accuracy.

Service territory boundaries are approximate and based on information supplied by the utilities and companies. For utilities/companies without defined service territories, a rough boundary was drawn around their facilities and the properties they serve.

## Utilities (PSC Utility ID)
- Consolidated Water Power Company (1330)
- Dahlgren Light & Power Company (1510)
- Medallion Gas & Electric (1721)
